DISPOSITION: PETITIONS TO INTERVENE GRANTED

A prehearing conference was held in this docket on November 19, 2008. Following the prehearing conference a memorandum was issued, adopting a schedule for the proceeding and granting pending petitions to intervene. Subsequently two additional petitions to intervene have been filed, by the Community Renewable Energy Association (CREA) and the Oregon Department of Energy (ODOE).

I find that CREA and ODOE have sufficient interest in the proceeding and that their appearance and participation will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. (OAR 860-012-0001). The time for filing protests has expired and no protests have been filed. Therefore, both petitions are granted.

Dated at Salem, Oregon, this 24th day of December, 2008.
