

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1675

In the Matter of

IDAHO POWER COMPANY,

2017 Annual Smart Grid Report

MEMORANDUM

On February 23, 2018, Commission Staff filed a motion to modify the schedule in this docket. Staff requests that the date for the Staff Report and the review of Idaho Power's 2017 Smart Grid Report at a public meeting be delayed due to the recent departure of Staff employees. Staff reports that no known participant objects to the request.

Because this docket is not a contested case proceeding, and because the schedule Staff seeks to amend is one that it adopted informally with no ruling from an Administrative Law Judge, Staff need not seek a ruling to amend the schedule. Accordingly, Staff's motion will be treated as a notice of an amended schedule, and for the convenience of the participants, the amended schedule is set out below:

EVENT	DATE
Staff Public Meeting Report	May 10, 2018
Commission review of Idaho Power's Smart Grid Report at a Public Meeting	May 22, 2018

Dated at Salem, Oregon, this 26th day of February 2018.

Michael Grant
Chief Administrative Law Judge
