

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1679

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

Detailed Depreciation Study of Electric
Utility Properties.

RULING

DISPOSITION: MOTION GRANTED

By motion filed June 3, 2014, Commission Staff requests that the procedural schedule in this docket be suspended. As grounds for the motion, Staff counsel states that the parties have reached a settlement “in principle.” Staff counsel requests expedited action on the motion because the date for Staff and intervenor testimony is June 5, 2014.

Staff counsel states that all parties support the motion. The parties intend to submit their stipulation, together with joint supporting testimony, not later than June 20, 2014.

For good cause shown, Staff’s motion is granted. The procedural schedule in this docket is suspended.

Dated this 4th day of June, 2014, at Salem, Oregon.
