

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UM 1728

In the Matter of

PORTLAND GENERAL ELECTRIC  
COMPANY,

Application to Update Schedule 201  
Qualifying Facility Information.

RULING

**DISPOSITION: DEADLINE FOR OBJECTIONS ESTABLISHED**

On February 14, 2024, Portland General Electric Company (PGE) filed a waiver of OAR 860-029-0040(4)(a) in this proceeding. PGE states that given the need to comply with Staff's recommendations in the LC 80 docket, which were adopted by the Commission and affect the development of standard rates for qualifying facilities, PGE requests a rule waiver so that it may file these rates no later than March 15, 2024.

PGE states that Staff does not object to this request, and that the Renewable Energy Coalition, the Community Renewable Energy Association, and NewSun Energy LLC either do not yet have a position or have not responded. If any interested person intends to oppose PGE's waiver, I request they file a notice of that objection no later than 3:00 p.m. on Friday, February 16, 2024, in this docket.

Dated this 15th day of February 2024, at Salem, Oregon.
