**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1801

In the Matter of

IDAHO POWER COMPANY,

Application for Authority to Implement
Revised Depreciation Rates for Electric
Plant-in-Service.

MEMORANDUM

On April 17, 2017, Staff submitted a status update reporting that the parties are making good progress toward settling all outstanding issues but are still negotiating certain disputes. Staff indicated that the parties commit to submitting either a stipulation with supporting documents or another status update no later than May 5, 2017.

The purpose of this memorandum is to remind parties that Idaho Power Company requested a final order be issued in this matter by May 31, 2017, and to note that the Commission may not be able to meet that expectation under the parties' proposal to file either a stipulation or further status update on May 5, 2017.

Dated this 17th day of April, 2017, at Salem, Oregon.
