

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1804

In the Matter of

NORTHWEST NATURAL GAS
COMPANY, dba NW NATURAL,

Application for Approval of Corporate
Reorganization to Create a Holding
Company.

RULING

DISPOSITION: MOTION GRANTED

By motion filed July 10, 2017, Northwest Natural Gas Company, dba NW Natural, requests that the procedural schedule in this docket be amended to move NW Natural's Rebuttal Testimony and Staff and Intervenor Cross-Answering Testimony from July 14, 2017 to July 17, 2017. NW Natural states that it agrees to make best efforts to respond to data requests served after that date within three days. The company further requests that all other deadlines and the hearing date remain unchanged. According to NW Natural, the requested extension will allow the parties to continue settlement discussions prior to filing their final round of testimony.

NW Natural states that it has conferred with the other parties and that all parties support the proposed change.

For good cause shown, I grant NW Natural's motion and modify the schedule accordingly.

Dated this 10th day of July, 2017, at Salem, Oregon.

Patrick Power
