RULING

DISPOSITION: DOCKETS TO BE CONSOLIDATED

On July 20, 2012, Air Acres Water System (Air Acres) filed an affiliated interest application with the Commission under ORS 757.495 and OAR 860-036-0730. The application describes a contract for management and administrative duties between Air Acres, the applicant in this general rate proceeding, and Dan Roach, a stockholder and officer of Roth Development, the owner of Air Acres. The application was docketed as docket UI 324.

The application at issue in docket UI 324 appears to be related to the general rate investigation ongoing in this docket. If there is a reason to keep these dockets separate, the parties should so advise the Commission by September 5, 2012. Otherwise, dockets UW 152 and UI 324 will be consolidated for purposes of administrative efficiency.

Dated this 28th day of August, 2012 at Salem, Oregon.
