To all parties in LC 50:

We have recently received some inquiries about the process for the April 20 public comment hearing in Ontario, Oregon. The hearing will start at 5:30 p.m. People will be asked to sign in if they wish to comment on the record, and I will call them up to the microphone to comment. I will be there to listen to comments and to answer questions, and so will representatives from Commission Staff and Idaho Power Company. A court reporter will also be there to transcribe comments for the record.

People do not need to arrive by 5:30 p.m. in order to comment. A sign-up sheet will remain by the entrance until 8:30 p.m. so people can sign in as they arrive. People will not, however, be permitted to sign in after 8:30 p.m. The hearing will continue until all those who sign in before 8:30 p.m. have commented. There will also be comment cards available to submit written comments. In addition, the Commission is setting up a link on its website for people to submit comments electronically. All comments will be part of the official record in the docket.

Please contact me with any questions.

Thank you,  
Sarah Wallace
