Hi Celeste,

I spoke to Mike Grant about these circumstances this morning. The Wagon Wheel Water Company tariff book should be canceled effective the date of the order approving the sale of Wagon Wheel, dba Desert Springs, to Avion. UP 319, Order No. 15-202, signed 6/23/15.

If you want, I can put this note along with the printout of the Lists & Labels Utility Company notes, which show the name change, in the UP 319 file so we have a record of what transpired. I can also forward this message to Joan so that she can manage the Wagon Wheel Water Company tariff book accordingly.

Diane
