Re: UM 1489

Dear Judge Powers and Commissioners,

After reading Judy Bedsole's testimony to Phil Boyle and Kathy Miller's rebuttal testimony, and the request by NANO to become an interested party, we feel the need to include our input.

We ask that you and the commission consider the testimony of the Varenas', Durland's, and Bonnie Lucas as found in UM1528. We believe this to be a valid request as Fish Mill Lodges & RV Park is making the claim of harassment the crux of abandonment.

We also object to NANO becoming involved in any way, as they seem to have been brought in as a form of intimidation. They show no interest in looking into both sides of this matter before rendering their opinion. We believe their involvement is just another link in the continuing chain of intimidation and harassment by Fish Mill to absolve themselves of their responsibility to provide water to their customers.

Thank you for your consideration.

Respectfully,

Dennis and Barbara Varenas
