RE: Advice No. 14-008

Compliance Filing for Docket UE 263—Lake Side 2 Separate Tariff Rider Schedule 80—Generation Investment Adjustment

In compliance with ORS 757.205, OAR 860-022-0025, and OAR 860-022-0030, PacifiCorp d/b/a Pacific Power (PacifiCorp or Company) submits for filing proposed tariff pages associated with Tariff P.U.C. OR No. 36, which sets forth all rates, tolls, charges, rules, and regulations applicable to electric service in Oregon. These tariff sheets are filed in compliance with Order No. 13-474 in docket UE 263 (the Company's 2013 general rate case). The Company requests an effective date of June 1, 2014.

Thirteenth Revision of Sheet No. Tariff Index Table of Contents—Schedules

INDEX-3

Third Revision of Sheet No. 80 Schedule 80 Generation Investment Adjustment

The purpose of this filing is to implement the separate tariff rider for recovery of the Oregon-allocated costs of the Company's investment in the Lake Side 2 natural-gas-fired generating plant and associated interconnection (Lake Side 2), as agreed to in the all-party stipulation in docket UE 263 and approved by the Public Utility Commission of Oregon (Commission) in Order No. 13-474 in the Company's 2013 general rate case.¹

In the stipulation, PacifiCorp, Commission Staff, the Citizens' Utility Board of Oregon (CUB), the Industrial Customers of Northwest Utilities (ICNU), Fred Meyer Stores and Quality Food Centers, divisions of The Kroger Co., Wal-Mart Stores, Inc., and Noble Americas Energy Solutions (Stipulating Parties) agreed that the Company may recover the revenue requirement of Lake Side 2 through a separate tariff rider with the following conditions: (1) the project becomes operational by June 30, 2014; (2) the Company provides an attestation by a corporate officer that

¹ In the Matter of PacifiCorp d/b/a Pacific Power Request for a General Rate Revision, Docket No. UE 263, Order No. 13-474 at 4-5 (Dec. 18, 2013).

Advice No. 14-008 Public Utility Commission of Oregon April 11, 2014 Page 2

the project has been placed in service and is operational; and (3) the Company facilitates the parties' review and audit of the final project costs.²

All of these conditions have been met or are expected to be met before the proposed June 1, 2014 effective date for Schedule 80³ Lake Side 2 is expected to go into service by May 20, 2014. The Company will supplement this filing with an attestation from a corporate officer that the project has been placed in service and is operational. The Company has actively facilitated the parties' review and audit of project costs. On January 23, 2014, the Company provided actual costs through the close of the fourth quarter of 2013. The Company provided updated costs through the end of January and February on February 26 and March 20, 2014, respectively. The Company also responded to data requests related to the updated costs and conducted a workshop on April 8, 2014, to discuss the status of the project, review project costs to date, and answer parties' questions. Representatives from Commission Staff, CUB, and ICNU attended the workshop.

Costs of the project included in the proposed tariff rider are actual costs as reflected in the Company's SAP accounting system as of March 31, 2014, and forecast costs for the remaining period before the plant goes into service. As discussed in the April 8 workshop, if the forecast costs for the period from April 1, 2014, through the in-service date (expected to be May 20, 2014) are greater than the actual costs, the Company will defer the revenue requirement reduction for future inclusion in rates. The Company will not seek a deferral if actual costs during that period exceed the forecast costs.

To support this filing and meet the requirements of OAR 860-022-0025 and OAR 860-022-0230, PacifiCorp submits the tariff sheets listed above with the following supporting workpapers:

Attachment A: Oregon Revenue Requirement Summary⁴

Confidential Attachment B: Detailed Capital Expenditures
Attachment C: Rate Spread and Rate Calculation⁵

Attachment D: Estimated Impact of Proposed Rate Change

Company agrees to calculate tariff rider rates to provide for collection of two-thirds of the costs of Lake Side 2 through demand charges and one-third through energy charges." Order No. 13-474, Appendix A at 4, ¶ 13.

² Order No. 13-474, Appendix A at 4-5. The stipulation included additional conditions if the project were placed in service after June 30, 2014. *Id.* at 5. Because the project will be in service before that date, those additional conditions are not applicable.

³ Schedule 80 was previously named the Transmission Investment Adjustment and was used to reflect the costs associated with the Mona-to-Oquirrh transmission line. *See* Advice 13-011 (filed May 10, 2013). When the Mona-to-Oquirrh was incorporated into base rates in docket UE 263, Schedule 80 was set to zero cents per kilowatt hour.

⁴ The Company calculated the revenue requirement using the rate of return and revenue sensitive components identified on page 4 of Exhibit A to the stipulation in docket UE 263. Order No. 13-474, Appendix A at 4, ¶ 13.

⁵ The Company determined rate spread and rate design consistent with the stipulation in docket UE 263, which states "the Company will use the base rate revenues and applicable functionalized revenue requirement allocation factors for rate changes until the Commission approves new functionalized revenue requirement allocation factors in a subsequent general rate case filing." Order No. 13-474, Appendix A at 7, ¶ 18. The stipulation specifically stated that the "applicable functionalized revenue requirement allocation factors on page 4 of Exhibit B will apply to the Lake Side 2 tariff rider[.]" *Id.* Additionally, the stipulation states that for "rate schedules 28/728, 30/730, 47/747, and 48, 748, the

Advice No. 14-008 Public Utility Commission of Oregon April 11, 2014 Page 3

Confidential Attachment B is confidential under the protective order in this docket (Order No. 13-061). Due to the volume of data, the line item detail from the Company's accounting system is provided in electronic form only on the enclosed CD.

This proposed change will affect approximately 587,000 customers and results in an overall annual rate impact of approximately \$21.9 million or 1.8 percent. This rate impact is approximately \$1.1 million less than the rate impact presented in Exhibit C of the stipulation in docket UE 263.⁶ A residential customer using 900 kWh per month would see a bill impact of \$1.58 per month as a result of this change.

Please direct questions about this filing to Gary Tawwater at (503) 813-6805.

Sincerely,

R. Bryce Dalley

Vice President, Regulation

OREGON SCHEDULE 80

GENERATION INVESTMENT ADJUSTMENT

Page 1 (C)

Purpose

This schedule reflects an adjustment associated with the Lake Side 2 generation investment and interconnection, consistent with Order No. 13-474. (C)

Applicable

To all Residential Consumers and Nonresidential Consumers.

Monthly Billing

All bills calculated in accordance with Schedules contained in presently effective Tariff Or. No.36 shall have applied an amount equal to the product of all kWh, and/or, as appropriate, kW, multiplied by the following applicable rate as listed by Delivery Service schedule.

| Delivery Service Schedule | Secondary | Primary | Transmission | |
|--|----------------------------|------------------|------------------|---------------------|
| Schedule 4, per kWh Schedule 5, per kWh Schedule 15, per kWh | 0.170¢ 0.170¢ 0.120¢ | | | (I) (I) (I) |
| Schedule 23, 723, per kWh | 0.168¢ | 0.163¢ | | (1) |
| Schedule 28, 728, per kWh Schedule 28, 728, per kW | 0.058¢ \$0.34 | 0.055¢ \$0.29 | | (N) (I) |
| Schedule 30, 730, per kWh Schedule 30, 730, per kW | 0.055¢ \$0.40 | 0.054¢ \$0.37 | | (N) (I) |
| Schedule 41, 741, per kWh | 0.166¢ | 0.161¢ | | (I) |
| Schedule 47, 747, per kWh Schedule 47, 747, per On-Peak kW | 0.054¢ \$0.41 | 0.053¢ \$0.45 | 0.048¢ \$0.62 | (N) (I) |
| Schedule 48, 748, per kWh Schedule 48, 748, per On-Peak kW | 0.054¢ \$0.41 | 0.053¢ \$0.45 | 0.048¢ \$0.62 | (N) (I) |
| Schedule 50, per kWh Schedule 51, 751, per kWh | 0.120¢ 0.120¢ | | | (I) (I) |
| Schedule 52, 752, per kWh Schedule 53, 753, per kWh | 0.120¢ 0.120¢ | | | (I) (I) |
| Schedule 54, 754, per kWh | 0.120¢ | | | (1) |

Rates "per kWh" shall apply to all kilowatt-hours of use per month.

Rates "per kW" and "per On-Peak kW" shall be charged based on measured monthly Demand and On-Peak Demand, respectively, as defined in each respective Delivery Service schedule.
