Dear Sir/Madam:

Attached you will find the above-referenced tariff sheets. The purpose of this filing is to remove the reference to TDS Telecom and TDS Long Distance on the tariff sheets. In addition the long distance company offering services is changing from TDS Long Distance Corporation to MD Communications. These changes are due to the acquisition of Home Telephone Company by North-State Telephone Co.

Thank you for your attention to this matter.

Sincerely,

RICHARD A. FINNIGAN

B. General

Customer 911 (C911) is an optional service that allows a PBX customer to provide specific information for their PBX station telephone numbers or business lines in addition to the primary number information for 911 call records. The information is sent to the Company. The Company processes the information using the standard 911 process for each county.

C. Conditions

6. The customers shall provide the Company with accurate, specific address and location information for each number enrolled in C911 in the required format that the Company uses in submitting information to the PSAP.
7. The customer is responsible for ensuring their PBX system is able to recognize the 911 digits as a complete dialing code when the station user dials it.
8. The customer is responsible for ensuring the ANI associated with the individual station line is passed.
9. The customer is responsible for notifying the Company of any changes or additions made to the number within 48 hours of the changes being made. This includes adding new numbers. If the Company receives 3 of these "No Record Found" reports within 1 year, the service will be terminated with the customer. At that time, the customer is responsible for providing 911 via the primary number.
10. Except where caused by the willful misconduct or gross negligence of Home Telephone Company, the customer agrees to release, indemnify, defend and save harmless the Company from claims, suits, actions, damages, costs, judgments and actions of any nature or from any person related to the C911 Service provided.
