Electronically Filed

Advice Letter No. 11

Ms. Joan Grindeland
 Oregon Public Utility Commission
 3930 Fairview Industrial Drive SE
 Salem, Oregon 97308

Dear Ms. Grindeland:

Please find the following revisions to Canby Telephone Association's Tariff PUC Or. No. 3, Access Services. The original and two copies, along with the tracking email from the Filing Center, will be sent via Federal Express to you today.

<u>Revised Tariff Sheets</u>	<u>Total Number of Sheets</u>
2nd Revised Sheet No. 5	
1st Revised Sheet No. 222	
1st Revised Sheet No. 234	3

This filing revision is made to provide clarification how service elements and rates are applied to Ethernet Transport Service. Canby Telephone Association has separated out Ethernet Transport Services Local Loop and Ethernet Transport. The break out of service elements between Local Loop and Transport has no effect on the final rates that Canby Telephone Association charges.

It is requested that this filing become effective February 23, 2015. Canby respectfully requests that the Commission waive 30-day notice as outlined in ORS § 759.190 since this tariff filing does not have an effect on the rates charged for Ethernet Transport Services but merely separates out Loop and Transport.

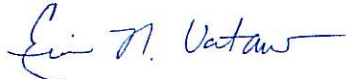

Please date stamp a copy of this transmittal and return it to us for our records.

ADVICE NO. 11

ACCESS SERVICES

11. **ADVANCED COMMUNICATIONS SERVICES** (Continued)

11.2 Ethernet Transport Service (ETS) (Continued)

11.2.2 General Information, Terms, and Obligations (Continued)

(F) ETS may be ordered at the customer's option on a single term commitment period of either three years or five years. The customer must notify the Company in writing of the length of its selected term commitment period. The Access Order Charge does not apply to establish a new, or make any changes to an existing, ETS Term Discount Plan.

(G) Discontinuance Charges

Discontinuance charges apply when the customer fails to satisfy the term commitment period and does not simultaneously replace that term plan commitment with a qualifying replacement term plan commitment. The term plan discontinuance charge is equal to 35% of the applicable undiscounted monthly rate set out in 13.2.4, below, multiplied by the number of full and partial months remaining in the existing term commitment period.

11.2.3 Service Elements

There are two rate elements; the local loop, and transport to the Pittock Block located at 921 SW Washington St., Portland, OR 97205. (T)
Additional charges for construction, special equipment, or additional labor may apply. A three or five year term is required.

When the ETS is installed, the notice of installation constitutes the customer's acceptance of the Rules and Regulations set forth in this Tariff and the start of the three or five year term.
