**RE: Advice No.113, Asotin Telephone Company; PUC Or. No. 2
Add Operator Services**

Dear Ms. Bailey-Goggins:

Included in this submission are the following tariff pages for Asotin Telephone Company:

Section I	Fifth Revised Sheet 6
Section V	Ninth Revised Sheet i
	Original Sheet 30

The purpose of this filing is to add local operator services. Operator Services allow customers to complete calls within the local calling area with the assistance of an operator by dialing "0" or "0+NXX-Line". Asotin Telephone Company will be reselling operator services provided by an authorized operator service provider, and will bill customers using the service on their local monthly bill except for credit cards. Calls being billed using a credit card will be billed by the Operator Service Provider. The Company has contracted with two qualified providers. Having two qualified providers will allow the Company to provide back-up capacity. If one provider is having issues, the operator service calls can be handled by the other provider.

The proposed effective date for this filing is April 1, 2015.

If you have any questions, please contact me at (608) 664-4169.

Sincerely,

A handwritten signature in black ink that reads "Rachelle A. Ladwig". The signature is written in a cursive style.
