Re: Schedule No. 194-B Other Residual Temporary Adjustment Proposal to Change Rates

Attention Filing Center:

Submitted herewith are three copies of the following revisions to Cascade's P.U.C. OR No. 9 Tariffs containing an effective date of November 1, 2014:

Third Revision Sheet No. 194-B, Canceling Second Revision Sheet No. 194-B.

The purpose of this filing is to amortize residual balances related to non-gas cost deferral accounts. These rate adjustments are in compliance with ORS 757.259, which allows a public utility that provides financial assistance to broad customer interests to defer inclusion of these funds into rates. Attached in support of this filing is Exhibit 1 which contains the development of rate increments associated with residual non-gas cost balances and summary of proposed residual technical adjustment rates.

The rate adjustments proposed in this filing are consistent with the Oregon Public Utility Commission Staff's recommendations with regard to rate spread requirements and amortization procedures.

The Company agrees to rate adjustments and refunds should the Commission determine that these rates have been inappropriately calculated. Any rate adjustments and refunds will be retroactive to November 1, 2014 provided that the Commission advises the Company of the necessity for such rate adjustments or refunds within 30 days after the effective date of these rates.

Please direct any questions regarding this filing to me at (509) 734-4593.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael Parvinen", is written over a horizontal line.
