Re: Withdrawal of Tariff Advice No. 15-01
Update to Charges and Credits under Rule H, New Service Attachments and
Distribution Line Installations or Alterations

Attention Filing Center:

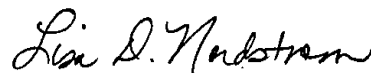

On January 8, 2015, Idaho Power Company ("Company") filed its advice to update charges and credits under Rule H effective March 15, 2015.

Since the filing was made, the Company has discovered errors in several of the proposed charges/credits contained within the filing. Once the Company became aware of the errors, it notified Public Utility Commission of Oregon Staff Economist, Suparna Bhattacharya, asking her to delay further analysis while it determined when it could proceed with re-filing the corrected charges/credits.

Because the corrections have taken longer than anticipated to address, the Company seeks to withdraw its filing in its entirety. Idaho Power intends to re-file the advice to update Rule H charges and credits no later than March 11, 2015.

If you have any questions regarding this withdrawal, please call Connie Aschenbrenner at (208) 388-5994.

Sincerely,

Lisa D. Nordstrom
