

ORDER NO. 14 262

ENTERED JUL 18 2014

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UF 4287

In the Matter of

CROOKED RIVER RANCH WATER
COMPANY,

Request for Approval of USDA Loan and Line
of Credit for 1 Million Gallon Storage Tank.

ORDER

DISPOSITION: ORDER NO. 14-187 AMENDED

On July 1, 2014, Crooked River Ranch Water Company (CRRWC) filed a letter seeking an extension of time to file a rate case. CRRWC explains that the Commission required, as a condition in Order No. 14-178, that the utility file a rate case by August 1, 2014. In that order, the Commission authorized the company to obtain a loan from the United States Department of Agriculture (USDA) for a new water storage tank.

CRRWC explains that work related to an environmental assessment for the project will delay the funding of the loan. Due to these delays, CRRWC requests that it not be required to file a rate case until 90 days after USDA issues a letter of conditions for the loan.

I treat the request as a motion to modify a Commission order under ORS 756.568 and grant it. Order No. 14-178 is modified to require CCRWC to file a general rate case within 90 days of receiving a letter of conditions from the USDA. The remainder of the order is unchanged.
