**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1791

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

Application for Deferral of Incremental
Revenue Requirement Associated with
the Carty Generating Station.

ORDER

DISPOSITION: APPLICATION DISMISSED; DOCKET CLOSED

On July 29, 2016, Portland General Electric Company (PGE) filed an application to defer recognition of the incremental revenue requirement associated with the construction of the Carty generating station. The Oregon Citizens' Utility Board and Northwest and Intermountain Power Producers Coalition subsequently intervened and became parties in the proceeding.

A prehearing conference was held in this docket on October 16, 2017, and by ruling of October 23, 2017, the proceedings were suspended pending the resolution of broader questions of law and Commission policy relative to revenue requirement deferrals.

On August 10, 2018, PGE notified the Commission that it was withdrawing its application. PGE stated that actions taken by the company had successfully resolved all of the matters that had initially caused PGE to file the application, and removes the need for the Commission to act. PGE represents that it has provided notice of its withdrawal to all persons on the official service list.

ORDER

IT IS ORDERED that:

1. The Application for Deferral of Incremental Revenue Requirement Associated with the Carty Generating Station is dismissed.
2. This docket is closed.
