SUBJECT: PUBLIC UTILITY COMMISSION OF OREGON (Docket No. UM 1586) – Approval of an Amendment the Multi-State Process Third Amended and Restated Intervenor Funding Agreement

RECOMMENDATION:

Approve the amendment to Multi-State Process Third Amended and Restated Intervenor Funding Agreement as set forth in Attachment A.

DISCUSSION:

On December 20, 2018, the parties¹ to the Second Amended and Restated Multi-State Process Intervenor Funding Agreement (MSPIFA) submitted a revised MSPIFA to further extend the effect of the agreement. The Commission approved the amended MSPIFA effective as of January 1, 2019, until December 31, 2019, unless terminated earlier under the terms of the agreement. On September 26, 2019, the parties to the MSPIFA filed an amendment to increase the funds available to the Alliance of Western Energy Consumers (AWEK) and the Oregon Citizens' Utility Board (CUB) by a total of \$7,500 each to account for the increased costs of participation in multi-state process (MSP) during this current term.

The MSPIFA provides funding for the Oregon Citizens' Utility Board's (CUB) and the Alliance of Western Energy Consumers' (AWEK) (formerly known as the Industrial Customers of Northwest Utilities) participation in on-going efforts to address how system costs are apportioned among PacifiCorp's six-state territory. The MSPIFA includes two funds, a CUB MSP Fund and an AWEK MSP Fund, each providing \$45,000 annually. This amendment increases the amount available to CUB

and AWEC to \$52,500 each for this term. CUB and AWEC may apply for an MSP Fund Grant from their respective MSP Fund to pay for eligible expenses, which are defined as fees and expenses directly attributable to MSP activities, such as attorney and consultant fees and travel expenses.

The MSPIFA allows PacifiCorp to recover in rates all amounts paid for MSP Grants authorized by the Commission. The parties to the MSPIFA agree that CUB MSP Fund Grants should be allocated to and paid by the residential customer class, and AWEC MSP Fund Grants should be allocated to and paid by the industrial customer class.

I recommend the Commission find that the amendment to the Multi-State Process Third Amended and Restated Intervenor Funding Agreement serves customers and is in the public interest. The MSPIFA is authorized by ORS 757.072, which allows energy utilities to enter into agreements for the financial assistance to organizations representing broad customer interests in Commission proceedings. The Commission should approve the amendment to the current MSPIFA under ORS 757.072 to allow the provision of financial assistance agreed to by the signatories.

PROPOSED COMMISSION MOTION:

The Commission approve the amendment to the Multi-State Process Third Amended and Restated Intervenor Funding Agreement set forth in Attachment A.
