BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON

UM 1103

In the Matter of the Application of)	
PORTLAND GENERAL ELECTRIC COMPANY)	Application For Reauthorization
For an Accounting Order Approving Deferral of Costs)	To Defer Intervenor Funding
Related to Intervenor Funding)	Costs

Pursuant to OAR 860-027-0300, ORS 757.259 (3), ORS 757.072, the Oregon Public Utility Commission (the "Commission") Intervenor Funding Order No. 03-388, and the latest reauthorization, Commission Order No. 12-311, which approved Portland General Electric Company's ("PGE's") Intervenor Funding Deferral, PGE requests reauthorization to defer and amortize intervenor funding costs, as described below, for the 12-month period July 1, 2014 through June 30, 2015.

I. Deferral History:

Commission Order No. 03-388 approved an agreement, pursuant to the Intervenor Funding Act, between PGE, Pacific Power and Light (dba PacifiCorp), Northwest Natural Gas Company, Northwest Industrial Gas Users, Citizens' Utility Board of Oregon ("CUB"), and Industrial Customers of Northwest Utilities ("ICNU"), dated February 3, 2003 (the "Intervenor Funding Agreement"). This agreement specified the terms and conditions for intervenor funding grants, funding amounts to be contributed by each utility, and the payment of grants by utilities into three funds, which include the CUB Fund, the Pre-authorized Matching Fund, and the Issue Fund.

PGE filed an application with the OPUC for an accounting order authorizing PGE to defer these costs, which was approved and adopted by the Commission on September 11, 2003, in Order No. 03-561. Table 1 below lists reauthorization details for this deferral.

On December 19, 2007, the OPUC approved the First Amended and Restated Intervenor Funding Agreement (“IFA”) was signed, extending intervenor funding through December 12, 2012 (Order 07-564). On November 20, 2012, a Second Amended and Restated Intervenor Funding Agreement became effective through Order No. 12-452, renewing the term through December 31, 2017. These two amendments extend the term, amend and clarify the use of funds for dockets that extend over two or more calendar years, modify terms and conditions, and change the funding amounts to be contributed by each utility. Order No. 12-452 supersedes and replaces all previous IFA orders.

PGE filed and received reauthorization for this deferral, as shown below.

* Initial Application

Pursuant to Commission Orders listed above, PGE respectfully requests an Order reauthorizing the deferral for later rate-making treatment, of all payments made by PGE between July 1, 2014 and June 30, 2015, to intervenors under the three intervenor funds established according to the IFA.

II. OAR 860-027-0030 Requirements:

The following is provided pursuant to ORS 860-027-0300(3):

- a. Description of utility expense or revenue

For the 12-month period of July 1, 2014 through June 30, 2015, PGE seeks reauthorization to continue recording, in a deferred account, all amounts it is required to pay to the CUB Fund, the Pre-authorized Matching Fund, and the Issue Fund.

b. Reasons for Deferral

PGE will continue to incur Intervenor Funding expenses until December 12, 2017, pursuant to the renewed IFA by OPUC Order No. 12-452. PGE wishes to continue to use the deferral mechanism as approved, including any expenses accrued under an amended agreement. Without reauthorization, the current authorization to defer costs will expire on June 30, 2014.

Commission Order No. 03-561 authorized PGE's accounting process for the grant funds. PGE has been deferring funds pursuant to the Intervenor Funding Agreement since 2003, and the latest Commission Order No. 13-287, is about to expire. PGE requests that the deferral continue. Moreover, PGE requests that the additional amounts it is required to pay to the three funds during the period of July 1, 2014 through June 30, 2015, be treated similarly.

c. Proposed Accounting

PGE proposes to record all deferred costs in FERC Account 182.3 (Other Regulatory Assets). In the absence of a deferred accounting order from the Commission, PGE would continue to record costs associated with the intervenor funding costs to FERC account 928 Regulatory Commission Expenses.

d. Amounts Subject to Deferral and Estimates of Amounts

PGE anticipates the maximum amounts to be deferred, during the 12-month period subsequent to the filing of this Application, will be¹:

¹ The Intervenor Funding Agreement was amended and restated through OPUC Order No. 12-452, extending intervenor funding until December 31, 2017.

CUB FUND	MATCHING FUND	ISSUE FUND
\$66,125	\$66,125	\$143,750

Based on this, PGE estimates the intervenor funding account balances will be:

Fund Description	June 2014 Balance	2015 Accrual	JUNE 2015 Estimated Balance
CUB	225,321.17	66,125	291,446.17
MATCHING	119,495.82	66,125	185,620.82
ISSUE	325,619.43	143,750	469,369.43
	<u>\$670,436.42</u>	<u>\$276,000</u>	<u>\$946,436.42</u>

PGE began amortization of these funds through Advice 07-029, which became effective January 1, 2008.

The IFA permits intervenors to request grants from the various funds at any time during the calendar year, though the deferral periods have generally run from July 1 to June 30. Amounts will be debited to the deferral account as funds are actually disbursed. *See* Commission Order No. 03-561, Appendix A, Page 3. Balances in the funds may rollover into the following year if intervenors do not use the entire amount available, and some funds (the CUB and Matching Funds) permit intervenors to request advances from future-year funds.

Pursuant to the terms of the IFA, individual fund costs will be allocated to the appropriate customer class: the CUB fund will be charged to residential customers; the Pre-authorized Matching Fund will be charged to industrial customers, and the Issue Fund costs will be aligned and allocated to keep the intended beneficiaries of the advocacy undertaken on their behalf.

e. Notice

A copy of the Notice of Application for Reauthorization to Defer Intervenor Funding Costs and a list of the persons served with the notice are attached to the Application as Attachment A. (OAR

Please see section II (d) above for balances and accruals as of June 30, 2014.
