In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY

Application for Deferral of Costs Related to
Intervenor Funding

**PORTLAND GENERAL ELECTRIC
COMPANY'S APPLICATION FOR
DEFERRAL REAUTHORIZATION**

Pursuant to OAR 860-027-0300; ORS 757.259(3); ORS 757.072; and Public Utility Commission of Oregon (Commission or OPUC) Order Nos. 03-388, 18-017, and 21-255, Portland General Electric Company (PGE) requests reauthorization to defer intervenor funding costs as described below, for the 12-month period July 1, 2022 through June 30, 2023.

I. Deferral History:

Commission Order No. 03-388 approved an Intervenor Funding Agreement (IFA), pursuant to the Intervenor Funding Act, between PGE, Pacific Power and Light (dba PacifiCorp), Northwest Natural Gas Company, Northwest Industrial Gas Users, the Oregon Citizens' Utility Board (CUB), and Industrial Customers of Northwest Utilities (ICNU), dated February 3, 2003. This agreement specified the terms and conditions for intervenor funding grants, funding amounts to be contributed by each utility, and the payment of grants by utilities into three funds, which include the CUB Fund, the Pre-authorized Matching Fund, and the Issue Fund.

Table 1 below lists amendments to the IFA as well as Commission orders approving the revisions.

Table 1
Intervenor Funding Approval and Amendments

	OPUC Order No.	Docket No.	Effective Date	Expiration Date

Fourth Amendment	18-017	UM 1929	01/17/18	12/31/22

These amended IFAs clarify the use of funds for dockets, modify terms and conditions, and change the funding amounts to be contributed by each utility. Order No. 18-017 approved the Fourth Amendment, which supersedes and replaces all previous IFA orders.

PGE filed an application with the Commission for an order authorizing PGE to defer costs, which was approved and adopted by Commission Order No. 03-561.

PGE requests reauthorization to defer intervenor funding costs, as described below, for the 12-month period July 1, 2022 through June 30, 2023. Table 2 below lists the Commission-approved reauthorizations for this deferral.

* Initial application

Pursuant to the Commission Orders listed above, PGE respectfully requests an Order reauthorizing the deferral for later rate-making treatment of all payments made by PGE between July 1, 2022 and June 30, 2023, to intervenors under the three funds established according to the most recent IFA.

II. OAR 860-027-0300 Requirements:

The following is provided pursuant to ORS 860-027-0300(3):

a. Description of Utility Expense or Revenue

For the 12-month period of July 1, 2022 through June 30, 2023, PGE seeks reauthorization to continue recording, in a deferred account, all amounts it is required to pay through the CUB Fund, the Pre-authorized Matching Fund, and the Issue Fund.

b. Reasons for Deferral

Commission Order No. 03-561 authorized PGE’s accounting process for the grant funds.

PGE has been deferring funds pursuant to the IFA since 2003, and the latest Commission Order No. 21-069, is about to expire. PGE will continue to incur IFA expenses until December 31, 2022, pursuant to the Fourth Amended and Restated IFA, OPUC Order No. 18-017. Without reauthorization, the current authorization to defer costs will expire on June 30, 2022.

PGE requests to continue to use the deferral mechanism as approved in Order 21-255, including any expenses accrued, under the fourth amendment of the IFA. Moreover, PGE requests that the additional amounts it is required to pay to the three funds during the period of July 1, 2022 through June 30, 2023, be treated similarly.

c. Proposed Accounting

PGE proposes to record all deferred costs in FERC Account 182.3, Other Regulatory Assets, with a credit to FERC account 456, Other Revenue. In the absence of a deferred accounting order from the Commission, PGE would record costs associated with the intervenor funding costs to FERC account 928 Regulatory Commission Expenses.

d. Estimates of Amounts to be Recorded for the next 12 months

PGE anticipates the maximum amounts to be deferred, during the 12-month period subsequent to the filing of this application, are shown in Table 3 below.¹

Table 3
Amounts to be Deferred

CUB FUND	MATCHING FUND	ISSUE FUND
\$101,125	\$81,867	\$143,750

Based on this, PGE estimates the intervenor funding account balances will be as shown in Table 4 below.

¹ The Intervenor Funding Agreement (IFA) was amended and restated through OPUC Order No. 18-017, continuing intervenor funding through December 31, 2022, and establishing Annual Grant amounts to be made available for each utility account.

**Table 4
Account Balances**

Fund	Balance	Forecasted Deferral	Estimated
Description	May 2022	2022	Balance 2023*
CUB	\$394,048.65	101,125.00	\$495,173.65
Matching	\$219,916.13	81,867.26	\$301,783.39
ISSUE	\$516,386.38	143,750.00	\$660,136.38
Estimated Total Balance			\$1,457,093.42

** does not include amortization and interest*

Exhibit 1 lists the individual postings for each funding account to date. PGE amortized these funds in 2008 through Advice No. 07-029, in 2011 through Advice No. 10-022A, in January 2017 through Advice No. 16-20, and in 2020 through Advice No. 19-32. As the IFA renewal modifies funding payment amounts, PGE will update the accruals and estimated balances as appropriate.

The current IFA permits intervenors to request grants from the various funds at any time during the calendar year, though the proposed deferral period runs from July 1, 2022 to June 30, 2023. Amounts will be debited to the deferral account as funds are dispersed. See Commission Order No. 18-017, Appendix A, Page 12. Balances in the funds may roll over into the following year if intervenors do not use the entire amount available, and some funds (the CUB and Matching Funds) permit intervenors to request advances from future-year funds.

Pursuant to the terms of the IFA, individual fund costs will be allocated to the appropriate customer class: the CUB Fund will be charged to residential customers; the Pre-authorized Matching Fund will be charged to industrial customers, and the Issue Fund costs will be aligned and allocated to the intended beneficiaries of the advocacy undertaken on their behalf.

e. Notice

A copy of the Notice of application for Reauthorization to Defer Intervenor Funding Costs and a list of the persons served with the notice are attached to the application as Attachment A. (OAR 860-027-0300 [6]).

III. The following is provided pursuant to OAR 860-027-0300(4):

a. Description of Deferred Account Entries between July 2022 and June 2023:

Please see Section II (c) and (d) above for estimated entries and projected deferrals through June 30, 2023.

b. The reason for continuing deferred accounting

PGE seeks approval to continue the IFA Deferral pursuant to the latest Commission Order No. 21-255 as described in Section (II)(b) above, and the latest IFA Agreement through December 2022.

V. Summary of Filing Conditions:

Information related to future amortization is listed below:

a. Earnings Review: None Required. The deferral is made in accordance with Commission Order No. 03-388, which states: “The Commission shall allow the Participating Public Utilities to recover in rates all amounts paid for Intervenor Funding Grants under this Agreement. If a Participating Public Utility seeks rate recovery through a deferred account, the account and amortization of the account shall be exempt from the amortization caps and earnings test set forth in subsections 5, 6, 7, 8 and 10 of ORS 757.259.” The IFA’s term was renewed through Commission Order No. 18-017 and expires in December 2022.

b. Prudence: A prudence review should be performed prior to amortization.

c. Sharing: Intervenor funding costs are not subject to a sharing mechanism.

d. Rate Spread/Rate Design: Rates are spread on a cents per kilowatt-hour basis to the appropriate customer classes per Commission Order 18-017, Appendix A, Page 27.

e. Three Percent Test [(ORS 757.259(6))]: The three percent does not apply to amortization of this deferral.

VI. Conclusion

For the reasons stated above, PGE requests authorization to defer any additional Intervenor Funding costs paid by PGE during the period July 01, 2022 to June 30, 2023.

DATED this 29th day of June 2022.
