Re: SBC Long Distance LLC d/b/a AT&T Long Distance

Dear Sir or Madam:

Pursuant to Oregon Administrative Rule 860-032-0020 (5) and (11), SBC Long Distance, LLC dba AT&T Long Distance is providing a copy of a notice that was sent on March 20, 2007 to all affected customers (33 customers) informing them of SBC Long Distance's abandonment of its residential local exchange telephone service in the state of Oregon, effective June 27, 2007, pending approval by the Federal Communications Commission. SBC LD will continue to offer business local service and long distance services at this time.

Should you have any questions regarding this matter, please contact me at (775) 333-3991. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Janice Ono", with a long horizontal flourish extending to the right.

Janice L. Ono
Associate Director – Regulatory

Important Notice: Your Local Telephone Service Is Being Discontinued

Dear Valued Customer:

As of June 27, 2007, pending approval by the Federal Communications Commission (FCC), the SBC' local telephone service to which you subscribed will no longer be available in the state of Oregon and **you must take action.**

YOUR ACTION IS REQUIRED! To prevent interruption of your local residential telephone service, you must select another service provider on or before June 13, 2007 This will allow enough time for your new local service provider to start your new residential phone service before our service is discontinued.

You have the right to select any company that is offering local telephone service in your area. Look in the front of your Yellow Pages directory under "telephone companies," or in the front of your White Pages directory for a list of local telephone service providers. Once you find a provider of your choice, you should call that provider to order your new service.

Please select your new service plans carefully – local, toll and long distance -- to ensure that your needs are met. Companies may offer pricing plans and calling areas that differ from the ones you have today. It is up to you to select plans that are right for your circumstances.

After you switch to another local telephone service provider and we discontinue your service, you will receive a final bill from us within 7 to 14 days (or a final credit statement if we owe you) within 30 to 45 days. If we owe you a refund, it will be issued within 30 to 45 days.

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. Address them to the Federal Communications Commission, **Wireline** Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the 363.71 Application of SBC Long Distance, LLC, d/b/a **AT&T Long Distance.**" Comments should include specific information about the impact of this proposed discontinuance upon you, including any inability to acquire reasonable substitute service.

If you have any questions or need more information about changing your local residential service, please contact our Customer Care Center toll free at 1-877-430-7228. Thank you.

Sincerely

SBC Long Distance, LLC, d/b/a AT&T Long Distance

Your local telephone service is provided by SBC Long Distance, LLC, d/b/a AT&T Long Distance

QUESTIONS AND ANSWERS REGARDING DISCONTINUANCE OF YOUR LOCAL RESIDENTIAL TELEPHONE SERVICE

1 Why has the company made the decision to no longer offer residential local service in my area?

We consistently evaluate all areas of our business. This was simply a business decision based on the considerations that we incur in providing local residential service. At this time, only local residential phone service is being discontinued. Business customers with local or long distance telephone services are not affected by this change.

2 What should I do now that I have received this letter?

It is important you find another local residential telephone service provider. Normally you can locate a complete list of providers in the front of your White Page phone book or in your Yellow Pages directory under the "telephone companies" heading. You should contact a new local residential telephone service provider as soon as possible to switch your local service to that new provider. You could lose your local phone service if you do not change your local service provider.

3 What about my other telephone services?

They will not be impacted by this change in local residential telephone service. AT&T and its affiliates will continue to offer the same high standards and quality of wireless and long distance services to which local customers are accustomed. If you choose AT&T as your in-state toll and long distance service provider, inform your new local service provider of this choice.

4 When will I receive my final bill?

You will receive your final bill 7 to 14 days after the switch to your new local residential service provider is complete.

5 Will I be able to keep my phone number(s) with my new provider?

You should discuss this with your new local telephone company. Your new residential local telephone service provider should perform the necessary steps to ensure that you can keep your phone number with your new company. **Do not disconnect** your current local service if you want to keep your phone number – just call your new local telephone company to set up service and the new company will handle the rest to make sure your existing service is stopped and to make sure you can keep your phone number.

6 What about my other services that use my phone line?

If you have other services not provided by SBC Long Distance, LLC d/b/a AT&T Long Distance that use your local telephone line, for example an alarm service, you should contact the provider(s) of those services to inform them of the change to your local telephone service provider and determine if any actions are necessary.

7 Who can I contact for more information regarding this notification?

Please call toll-free 1-877-430-7228 with any questions you may have regarding this notification.
