**DISPOSITION: MOTION TO MODIFY SCHEDULE GRANTED;
REVISED SCHEDULE ADOPTED**

By letter of May 13, 2005, the Commission staff (Staff) filed a Motion to Modify Schedule (Motion).¹ Staff indicates that the original schedule contemplated the preparation of a data compilation by Staff of information gathered from Competitive Local Exchange Carriers (CLECs). A delay in the receipt of responses, and variations in the format and definitions of the responses, will require Staff to make additional contacts with the CLECs and will therefore require additional time.

Staff proposes the following schedule and represents that no party has interposed any objection to the Motion or the proposed revised schedule:

Prehearing Conference	June 9, 2005
Preliminary CLEC Survey Report issued by Staff	June 15, 2005
CLEC Survey Workshop	June 20, 2005
Final CLEC Survey Report issued by Staff	June 29, 2005
Qwest Opening Testimony	July 15, 2005*
Settlement Conference	July 20, 2005
Staff and Intervener Testimony Due	August 26, 2005*
Qwest Response Testimony Due	September 9, 2005*
Three-Day Hearing	September 26, 2005, or later*

*Date unchanged from prior schedule.

¹ Staff acknowledges that the Motion is out-of-time, but has provided good cause therefor. The Motion is accepted and considered herein.

RULING

Staff's Motion to Modify Schedule is GRANTED. The schedule set forth above is ADOPTED.

Dated at Salem, Oregon, this 17th day of May, 2005.
