**DISPOSITION: HEARING CANCELLED; CONFERENCE
SCHEDULED**

On November 14, 2005, PacifiCorp filed a letter stating that an agreement had been reached with the Industrial Customers of Northwest Utilities, eliminating the need for cross-examination and, consequently, a hearing. PacifiCorp suggested that counsel appear on November 16, 2005, to discuss procedural issues and a briefing schedule.

The hearing for November 16 is cancelled. In its place, a procedural conference is scheduled to discuss the submission of evidence, briefing schedule, and any other procedural matters. The conference will start at 9:30 a.m. to allow counsel from Portland additional travel time.

The requisite notice is attached to this ruling.

Dated at Salem, Oregon, this 14th day of November, 2005.
