cc: Service List

1.3. Supported Services Not Provided – CETCs only

Identify any supported services that were not available at designation, but were to be provided as a condition of ETC designation (e.g., toll restriction for qualifying low-income consumers, E911):

At the time that USCC received its designation as an eligible telecommunications carrier from the Commission, USCC did not provide toll restriction for qualifying low-income customers.

Are these services provided currently? yes ____ no X

If no, explain why not:

Long distance service is included in the customer's calling plan at no additional charge. In addition, USCC customers using certain calling plans are automatically blocked from roaming on other cellular networks. Finally, USCC customers on any calling plan may request that roaming services not be enabled. Accordingly, the wireless equivalent of toll restriction is achieved.

Additional Comments:

ANNCR: It's time for Joan on the Phone, with your host, Joan Cusack.

JOAN: Today I'm visiting various retailers in search of the best Buy One Get One offer. I'm here at a local supermarket with store manager Chuck Hughes. Chuck, tell us about the bargains.

CHUCK: Well Joan, we've really got a whole treasure trove over here. Like right now, when you buy one day-old salmon steak you get one free.

JOAN: Mmmm... previously delicious meat. So, maybe not all Buy One Get One offers are great, but this summer U.S. Cellular has one everyone will love.

ANNCR: Switch to U.S. Cellular now and buy one Motorola V265 camera phone, for \$49.95, and you'll get one free.

CHUCK: People love free mountain oysters too.

JOAN: No they don't.

CHUCK: No they really don't.

ANNCR: At U.S. Cellular, we connect with you. Phone offer valid after \$50 mail-in rebate. Minimum service agreement required. Other restrictions and charges apply. Limited time offer. See store for details or call 1-888-BUY-USCC.
