- 2.2. Service Request Processing – *CETCs only*

Report #3 Evidence of Advertising for Basic Supported Services - *All ETCs*

Report #4 Low-income Services – *All ETCs*

- 4.1. Number of Lifeline Customers
- 4.2. Advertising of Low-income Program Service Offerings

Report #5 Outage Report – *All ETCs*

Report #6 Trouble Report – *All ETCs*

Report #7 Network Improvement Plan – *CETCs that receive high-cost and access-related support*

Report #8 Special Commitments/Requirements – *CETCs only*

Report #9 Certifications – *All ETCs*

- 9.1. IAS or ICLS Certification Copy – *All ETCs Receiving IAS/ICLS*
- 9.2. Certification of Use of Universal Service Funds – *All ETCs Receiving Traditional High-Cost Support*
- 9.3. Certification of Emergency Functionality and Compliance with Service Quality/Consumer Protection Measures – *All ETCs*

Report #1 – Supported Services Offerings

1.1. Basic Local Usage Service Offerings – All ETCs

**Choose either A. or B. below, as applicable:**

- A.  Basic local usage service offerings are filed under tariff with the Oregon PUC. The specific tariff references (with *company name, tariff number, section and page numbers*) for the basic local usage offerings and corresponding rates are:
1. residence:

\_\_\_\_\_

2. business:

\_\_\_\_\_

\_\_\_\_\_

- B.  Basic local usage service offerings are **not** filed under tariff with the Oregon PUC. Submit the following information for each basic service offering that includes local usage allowances (unlimited or limited): 1) plan’s name, 2) advertised public description, 3) number of local minutes included, 4) calling area included, and 5) rates and charges. Include basic offerings for both residence and business services.

**Please see local Rate Plan Brochures offered by Edge Wireless which are attached hereto as Exhibit 1.1B.**

1.2. Comparable Local Usage Plan – CETCs only

The carrier certifies that it offers at least one basic local usage plan that is comparable to those offered by the ILECs in its designated service area: yes  no

Identify which of the plans in 1.1.B above are “comparable” to the ILEC local usage offerings, and explain the basis for the comparability.

**Edge offers LocalEdge and Local Carryover Rate Plans which offer a variety of buckets of minutes ranging from 800 – 10,000 minutes. LocalEdge plans also provide a wider local area than the ILEC’s in our service area, which includes portions of Northern California and Southwestern Oregon. Most LocalEdge plans also include unlimited long distance at no additional charge. Finally, all Edge Wireless plans include unlimited toll-free service for 911 emergency calls and for 611 customer care, as well as toll-free 511 road reports to the Oregon Department of Transportation and 711 calls to TRS/TTY operators. Edge Wireless will provide 211 calls to social agencies when it is available in the Edge Wireless service area.**

1.3. Supported Services Not Provided – CETCs only

Identify any supported services that were not available at designation, but were to be provided as a condition of ETC designation (e.g., toll restriction for qualifying low-income consumers, E911):   N/A  

Are these services provided currently? yes  no

If no, explain why not: \_\_\_\_\_

1.4. Equal Access Acknowledgement – CETCs only

The carrier acknowledges that it may be required to provide equal access if it is the only remaining ETC in an area: yes  no

## Report #2 – Unfulfilled Service Requests

### 2.1. Unfulfilled Service Requests/Held Orders – All ETCs

**Choose either A. or B. below, as applicable:**

- A. \_\_\_ Service quality reports for “primary held orders over 30 days” were filed with the Oregon PUC for calendar year 2005. No additional submission is required for recertification purposes.
- B. X Service quality reports for “primary held orders over 30 days” were **not** filed with the Oregon PUC for calendar year 2005. In this case, choose **one** of the following alternatives for reporting:
1. X The number of customer requests for supported services that were not fulfilled during calendar year 2005: 0.  
If greater than zero, include an attachment noting for each such request, the location (address) of the request and a description of attempts to provide service.
  2. \_\_\_ The number of “primary held orders over 30 days” (as defined in Section 860-034-0390 of the Oregon Commission rules) for calendar year 2005: \_\_\_\_\_.  
If greater than zero, include attachment noting for each such held order, the reason the order was held and the original commitment date.

### 2.2. Service Request Processing - CETCs only

Submit a description of how the carrier ensures that every request for service that cannot be immediately fulfilled is recorded and processed under the 6-step process set forth in 47 CFR Section 54.202(a)(1)(i).

**Edge Wireless provides service to all customers who have a home or business address within the Edge Wireless ETC service area and are otherwise qualified for service. Edge Wireless also provides a 30 day satisfaction guaranty so a customer who is not satisfied with service can either terminate service or request that service be provided. Finally, Edge Wireless has a Dealer Agreement with Cingular Wireless and can provide Cingular Service where appropriate. If a customer requests that service be provided or improved to the customer’s premises a trouble ticket is generated and addressed using the 6-step process set forth in 47 CFR 54.202(a)(1)(i).**

Report #3 – Evidence of Advertising for Basic Supported Services (excluding low-income/lifeline) – All ETCs

Describe how basic supported services were advertised during calendar year 2005 throughout the designated service area. List the types of media used, advertising frequencies and geographic coverage. Attach examples of actual advertisements, noting dates, specific distribution methods, and target geographical populations, sufficient to demonstrate that basic supported services and rates were advertised **throughout** the designated service area in 2005.

**Edge Wireless advertised its services throughout Southwestern Oregon through the use of print, radio and TV. Please see the Oregon Media Schedule attached hereto as Exhibit 3 which lists the type of media used, advertising frequencies, and target geographical populations. Also provided in Exhibit 3 are sample tear sheets from two newspaper advertisements as well as copies of additional advertisements upon which is indicated the paper in which it was placed and the period of time it ran.**

Report #4 – Low-income Services – All ETCs

4.1. Number of Lifeline Customers

The total number of customers receiving lifeline discounts during the month of December 2005 in the designated service area: 2.

*CETCs only:* also list counts by ILEC service area:

| <u>ILEC Svc Area</u>         | <u>No. of Lifeline customers</u> |
|------------------------------|----------------------------------|
| <u>532416 Verizon Bandon</u> | <u>2</u>                         |
| _____                        | _____                            |
| _____                        | _____                            |
| _____                        | _____                            |
| _____                        | _____                            |
| _____                        | _____                            |
| _____                        | _____                            |

4.2. Advertising of Low-Income Program Service Offerings

Submit copies of all advertisements (for all media) for Lifeline, LinkUp, and OTAP service offerings that were run during calendar year 2005, noting media (newspaper name, radio station, bill inserts, internet postings, etc.), run/distribution dates, and geographic coverage area.

**Edge Wireless received OTAP status in November of 2005. Edge Wireless then worked with PUC staff to finalize its rate plan offering and associated collateral. As a result of the timing, Lifeline advertising was not placed until the first quarter of 2006.**

Report #5 – Outage Report – All ETCs

**Choose either A. or B. below, as applicable:**

- A. \_\_\_\_\_ The number of service outages, as defined in Section 860-034-0350 (9) of the Oregon PUC rules, that occurred during calendar year 2005: \_\_\_\_\_.  
If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.
- B.   X   The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2005:   1  .  
If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

**See Exhibit 5.B**

Report #6 – Trouble Report – All ETCs

**CONFIDENTIAL SUBJECT TO PROTECTIVE ORDER**

Report #7 – Network Improvement Plan – CETCs Only

The following detailed information must be included in each network improvement plan. Only CETCs must file these plans for recertification purposes. CETCs that receive *only* low-income program support (no high-cost or access-related support), do not have to file network improvement plans. CETCs are strongly encouraged to use the format laid out in the attached Excel worksheets to provide information required in the outline below (taken from the UM 1217 order), rather than use some other format developed by the CETC.

-----

7.1. Demonstration of use of support funds (other than low-income funds) received during 2005, including: **See Exhibits 7.1 and 7.2**

- 7.3.1.1. The amount of support funds, by type, received during the year.
- 7.3.1.2. Year-end counts of eligible lines/handsets in service for each ILEC service area as they were reported to USAC for the past December.
- 7.3.1.2. Identification of each project for which the support was used, the actual support expenditures (by amount and type) for each project, and status of project (completed or still in progress).
- 7.3.1.3. The resulting benefits to consumers (qualitative and quantitative) from each project and updates to coverage and signal strength maps.
- 7.3.1.4. Explanation of how and why actual spending of support funds differed from spending proposed in the previous network improvement plan.

7.3.2. Updates to network improvement plan for the current calendar year and the following year: **See Exhibits 7.3 and 7.4**

- 7.3.2.1. Forecast of support amount, by type (LSS, HCL, ICLS, IAS), that the applicant expects to receive during each of the next 2 years, as well as an explanation of how the forecast was derived.
- 7.3.2.2. Detailed information for each project that will use support funds:
  - 7.3.2.2.1. Description and purpose of the project, its physical location and the ILEC serving that area.
  - 7.3.2.2.2. The start date and completion data (by quarter).
  - 7.3.2.2.3. Amount of support money allocated to the project, in total and broken down by investment and expense types.
  - 7.3.2.2.4. The amount of company's own funds that will be used for each supported project.
  - 7.3.2.2.5. Brief explanation of why the carrier would not make these improvements without the availability of support funding.
  - 7.3.2.2.6. Quantification of resulting service improvements by type (increased coverage, signal strength, capacity, etc.), population benefited, and geographic area benefited (shown on map).

Report #8 – Special Commitments/Requirements – CETCs only

Did the Oregon PUC impose any special commitments or requirements at initial designation or during the previous annual recertification process? yes \_\_\_\_ no **X**.

If yes, identify the commitments or requirements and explain if, and how, they have been met.

## Report #9 – Certifications - All ETCs

### 9.1. IAS or ICLS Certification Copy – All ETCs Receiving IAS/ICLS

All ETCs receiving interstate access-related support (IAS or ICLS) must submit a copy of the certification for the use of IAS or ICLS support that was sent to USAC and the FCC in June 2006.

**See attached Exhibit 9.1**

### 9.2. Certification of Use of Universal Service Funds – All ETCs receiving HCL/LSS (Rural ILECs and CETCs Designated in Rural ILEC Areas)

To continue receiving traditional high cost support (HCL, LSS), ETCs must submit a notarized affidavit signed by a responsible company official certifying that the carrier will use the high cost support funds only for the intended purposes. Use of the sample affidavit form displayed on the following page is recommended.

**See attached Exhibit 9.2**

### 9.3. Certification of Emergency Functionality and Compliance with Service Quality and Consumer Protection Measures – All ETCs

Each ETC must submit a notarized affidavit signed by a responsible company official certifying that the carrier: 1) is able to remain functional in an emergency, and 2) is complying with all service quality and consumer protection measures in either the applicable Oregon Commission rules (for wireline carriers), the CTIA Consumer Code (for wireless carriers), or some other specific set of standards. All ETCs must submit this affidavit. A copy of an acceptable affidavit form follows the affidavit for high cost support.

**See attached Exhibit 9.3**

AFFIDAVIT CERTIFYING USE OF UNIVERSAL SERVICE FUNDS

I, Donnie Castleman, being of lawful age and duly sworn, on my oath, state that I am the President and COO of Edge Wireless, LLC (“Company”) and that I am authorized to execute this Affidavit on behalf of the Company, and the facts set forth in this Affidavit are true to the best of my knowledge, information and belief.

Pursuant to the rules of the Federal Communications Commission, 47 C.F.R. § 54.314, there must be annual certification that funds received under the federal Universal Service Fund programs will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended. The Company hereby certifies to the Public Utility Commission of Oregon that pursuant to 47 C.F.R. § 54.7, and for purposes of the certification required under 47 C.F.R. § 54.314, the company will use all federal high-cost support provided to it only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with the principles of universal service set forth in 47 U.S.C. 254. This includes, but is not limited to, trying to meet the goal of the provision of services that are properly supported by the high-cost funds at rates that are reasonably comparable to rates charged for similar services in urban areas.

Rate Plan Area\*

Edge Wireless Network

Partner Network

Future Coverage

**Explanation of Maps, Rates and Charges:**

\* These maps depict the Rate Plan Area, comprised of the Edge Wireless GSM Network and the Partner Network. TDMA coverage may vary. See an Edge Wireless representative for coverage detail. Actual coverage depends on system availability and system capacity, system repairs and modifications, customer's equipment, terrain, signal strength, weather and other conditions. Future Coverage areas are based on current build-out plans and are subject to change. Partner Network is based on information provided by partners and Edge Wireless does not guarantee its accuracy. Partner Network is subject to change without notice.

Activation is subject to credit approval; a deposit or valid major credit card may be required.

Call Waiting, Conference Calling, Call Forwarding and Voice Mail will incur applicable airtime, roaming and wireless long distance charges. When using the Call Waiting and Conference Calling features, you will be charged for the minutes of use for both lines which are being utilized during the call. If a calling card or credit card is required to complete a call, different rates apply.

When using your device outside the Edge Wireless Network, some features may not work. Coverage is not available in all areas of the United States.

If your Rate Plan includes a predetermined allotment of services (for example, a predetermined amount of airtime or text messages), any unused allotment of services from one billing cycle will not carry over to any other billing cycle.

Fees: Reconnection - \$25 per line; Returned Check Charge - \$20; InfoEdge - 75¢ per call (while on the Edge Wireless Network) plus airtime, roaming and wireless long distance. If you have any questions, please call 611, free of charge from your wireless device (while on the Edge Wireless Network), or call 1- 866-350-EDGE (3343).

Plan rates may not be available when using your phone outside the United States; International wireless long distance not included. May not be combined with certain wireless offers and promotions.

## Explanation of Maps, Rates, and Charges:

\* These maps depict the Rate Plan Areas, comprised of the Edge Wireless GSM Network and the Partner Network applicable to your selected Rate Plan Area. TDMA coverage may vary. See an Edge Wireless representative for coverage detail. Actual coverage depends on system availability and system capacity, system repairs and modifications, customer's equipment, terrain, signal strength, weather and other conditions. Partner Network is based on information provided by partners and Edge Wireless does not guarantee its accuracy. Partner Network is subject to change without notice.

Activation is subject to credit approval; a deposit or valid major credit card may be required. Usage limitations may apply. If Service Limit Monitoring is required for activation you will be limited to a maximum of two wireless calling plans on your account.

Call Waiting, Conference Calling, Call Forwarding and Voice Mail will incur applicable airtime, roaming and wireless long distance charges. SMS Messaging will incur additional charges when outside the Edge Wireless Network. Due to delayed reporting between carriers, wireless usage may be billed in a subsequent month; this usage will be charged as if used in the month billed. If a calling card or credit card is required to complete a call, different rates apply.

When using your device outside the Edge Wireless Network, some features may not work. Coverage is not available in all areas of the United States.

Actual coverage depends on system availability and system capacity, system configuration, customer's equipment, terrain, signal strength and other conditions. Future Coverage areas are subject to build-out plans and are subject to change. Partner Network based on information provided by partners and Edge Wireless cannot guarantee its accuracy. Partner Network is subject to change without notice.

## Explanation of Maps, Rates, and Charges:

Activation is subject to credit approval; a deposit or valid major credit card may be required.

Call Waiting, Conference Calling, Call Forwarding and Voice Mail will incur applicable airtime, roaming and wireless long distance charges. When using the Call Waiting and Conference Calling features, you will be charged for the minutes of use for both lines which are being utilized during the call. If a calling card or credit card is required to complete a call, different rates apply.

When using your device outside the Edge Wireless Network, some features may not work. Coverage is not available in all areas of the United States.

If your Rate Plan includes a predetermined allotment of services (for example, a predetermined amount of airtime or text messages), any unused allotment of services from one billing cycle will not carry over to any other billing cycle.

Fees: Reconnection - \$25 per line; Returned Check Charge - \$20; InfoEdge - 75¢ per call (while on the Edge Wireless Network) plus airtime, roaming and wireless long distance. If you have any questions, please call 611, free of charge from your wireless device (while on the Edge Wireless Network), or call 1-866-350-EDGE (3343).

Plan rates may not be available when using your phone outside the United States; International wireless long distance not included. May not be combined with certain wireless offers and promotions.

Eligible Oregon residents, the LifeLine Plan is an economical way to enjoy the convenience and benefits of digital wireless service. You won't pay long distance charges as long as you're calling to someone here in the 50 United States. Both plans also offer great digital features like call waiting, voice mail, call forwarding, and text messaging.

| LifeLine Plans | MONTHLY ACCESS       | INCL'D ANYTIME MINUTES* | NIGHT / WEEKEND MINUTES* | MOBILE-TO-MOBILE MINUTES* | NATIONWIDE LONG DISTANCE | ADDT'L / ROAMING MINUTES |

\*Includes \$13.50 Lifeline subsidy.

International roaming and international calling are available subject to approved credit or with a security deposit. Security deposit may be waived if you elect to block roaming and international dialing. If you elect to block roaming, your phone will not work on the Partner Network (see map on reverse).

You are eligible to participate in the Edge Wireless LifeLine Rate Plan if you receive assistance from one of the following programs:

- Food Stamps
- Oregon Health Plan
- Welfare Medical ID Card
- Supplemental Security Income
- Temporary Assistance for Needy Families

You must certify through the Oregon Telephone Assistance Program (OTAP) by calling (800) 848-4442, or online at <http://www.rspf.org>. Lifeline subsidies may only be applied once per household on either your landline or your wireless service. Lifeline subsidies automatically terminate upon loss of eligibility, and monthly access rates will increase by \$13.50. Any reduction in the available Lifeline subsidy will increase monthly access rates by the same amount.
