Report #1 – Supported Services Offerings

1.1. Basic Local Usage Service Offerings – All ETCs

**Choose either A. or B. below, as applicable:**

A.  Basic local usage service offerings are filed under tariff with the Oregon PUC. The specific tariff references (with *company name, tariff number, section and page numbers*) for the basic local usage offerings and corresponding rates are:

1. residence:

\_\_\_\_\_

2. business:

\_\_\_\_\_

B.  Basic local usage service offerings are **not** filed under tariff with the Oregon PUC. Submit the following information for each basic service offering that includes local usage allowances (unlimited or limited): 1) plan's name, 2) advertised public description, 3) number of local minutes included, 4) calling area included, and 5) rates and charges. Include basic offerings for both residence and business services.

*See attached Exhibits 1.1.B/A and 1.1.B/B*

1.2. Comparable Local Usage Plan – CETCs only

The carrier certifies that it offers at least one basic local usage plan that is comparable to those offered by the ILECs in its designated service area: yes  no

Identify which of the plans in 1.1.B above are “comparable” to the ILEC local usage offerings, and explain the basis for the comparability.

**U.S. Cellular's price plan offerings as described in Exhibit A/1.1.B are comparable to or exceed Oregon ILEC offerings for the following reasons:**

- **Choice – Consumers can choose from a variety of Local and National plans with large buckets of minutes and included long distance service designed to fit their calling patterns.**
- **Portability – Local Plan Users can use their phone in any one of the 26 Oregon counties where U.S. Cellular operates and has cellular network resources in place. Local Plan Users may also use their phone on the U.S. Cellular network in 15 Washington counties and 9 California counties at no additional charge. For an additional per minute fee of \$.30, Local Plan Users can use their phone on other carriers' networks in the States of Oregon, Washington, California, Nevada, Idaho, Utah, Wyoming and Montana. National Plan Users are free to use their phones on U.S. Cellular's and other wireless carriers' networks anywhere in the continental United States.**

1.2. Comparable Local Usage Plan – CETCs only (Continued)

- **Convenience – Service from U.S. Cellular allows consumers to make and receive telephone calls where they are; no more sitting by the phone, the phone sits by the customer.**

1.3. Supported Services Not Provided – CETCs only

Identify any supported services that were not available at designation, but were to be provided as a condition of ETC designation (e.g., toll restriction for qualifying low-income consumers, E911): None

Are these services provided currently? yes \_\_\_\_ no \_\_\_\_

If no, explain why not: \_\_\_\_\_

1.4. Equal Access Acknowledgement – CETCs only

The carrier acknowledges that it may be required to provide equal access if it is the only remaining ETC in an area: yes X no \_\_\_\_

Report #2 – Unfulfilled Service Requests

2.1. Unfulfilled Service Requests/Held Orders – All ETCs

**Choose either A. or B. below, as applicable:**

A. \_\_\_ Service quality reports for “primary held orders over 30 days” were filed with the Oregon PUC for calendar year 2005. No additional submission is required for recertification purposes.

B. X Service quality reports for “primary held orders over 30 days” were **not** filed with the Oregon PUC for calendar year 2005. In this case, choose **one** of the following alternatives for reporting:

1. X The number of customer requests for supported services that were not fulfilled during calendar year 2005: 0.  
If greater than zero, include an attachment noting for each such request, the location (address) of the request and a description of attempts to provide service.
2. \_\_\_ The number of “primary held orders over 30 days” (as defined in Section 860-034-0390 of the Oregon Commission rules) for calendar year 2005: \_\_\_\_\_.  
If greater than zero, include attachment noting for each such held order, the reason the order was held and the original commitment date.

2.2. Service Request Processing - CETCs only

Submit a description of how the carrier ensures that every request for service that cannot be immediately fulfilled is recorded and processed under the 6-step process set forth in 47 CFR Section 54.202(a)(1)(i).

**To ensure *all* existing and potential customers receive the best possible wireless service, when service issues are identified U.S. Cellular will:**

- **Inspect the customer’s handset to ensure it is functioning properly and ensure that it has been properly programmed. If necessary, handsets under warranty will be promptly replaced. In circumstances where the phone is no longer under warranty, the customer will be made aware of his/her handset replacement options, i.e. repair, purchase of a new or used handset.**
- **Inspect elements of U.S. Cellular’s network to ensure that it is functioning as designed. If necessary, adjustments and repairs will be made as soon as practical and in a manner that has the least impact upon the customer.**
- **In certain situations, customers requesting service may reside outside of U.S. Cellular’s CGSA but within U.S. Cellular’s ETC area. To ensure that customers in this situation can receive wireless service, U.S. Cellular has in place comprehensive roaming agreements with other wireless carriers and “U.S. Cellular” service will be provided via other carriers’ networks at no additional cost to the customer.**

2.2. Service Request Processing - CETCs only (Continued)

- **U.S. Cellular continuously monitors its network for trouble spots, including areas where cellular signals are weak, non-existent or lacking due to capacity issues. Once a trouble spot is identified, U.S. Cellular explores possible solutions and works to implement solution(s) as soon as practical.**

Report #3 – Evidence of Advertising for Basic Supported Services (excluding low-income/lifeline) – All ETCs

Describe how basic supported services were advertised during calendar year 2005 throughout the designated service area. List the types of media used, advertising frequencies and geographic coverage. Attach examples of actual advertisements, noting dates, specific distribution methods, and target geographical populations, sufficient to demonstrate that basic supported services and rates were advertised **throughout** the designated service area in 2005.

**See attached Exhibits 3/A, 3/B, 3/C and 3/D.**

Report #4 – Low-income Services – All ETCs

4.1. Number of Lifeline Customers

The total number of customers receiving lifeline discounts during the month of December 2005 in the designated service area: 14.

*CETCs only:* also list counts by ILEC service area:

<u>ILEC Svc Area</u>	<u>No. of Lifeline customers</u>
Ashland	1
Bandon	2
Grants Pass	1
Hermiston	1
Klamath Falls	3
Medford	2
Pendleton	1
Roseburg	2
The Dalles	1

4.2. Advertising of Low-Income Program Service Offerings

Submit copies of all advertisements (for all media) for Lifeline, LinkUp, and OTAP service offerings that were run during calendar year 2005, noting media (newspaper name, radio station, bill inserts, internet postings, etc.), run/distribution dates, and geographic coverage area.

**See Attached Exhibits 4.2/A, 4.2/B, 4.2/C, 4.2/D, 4.2/E, 4.2/F and 4.2/G**

Report #5 – Outage Report – All ETCs

**Choose either A. or B. below, as applicable:**

- A. \_\_\_\_\_ The number of service outages, as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers, that occurred during calendar year 2005: \_\_\_\_\_.  
If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.
- B.   X   The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2005:   1  .  
If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

*See Attached Exhibit 5/A*

Report #6 – Trouble Report – All ETCs

**Choose either A. or B. below, as appropriate:**

A. \_\_\_\_ Trouble reports were filed with the Oregon PUC for calendar year 2005 per Oregon PUC service quality rules. No additional submission is required for recertification purposes.

B. X Trouble reports were **not** filed with the Oregon PUC during calendar year 2005. In this case, choose **one** of the following alternatives for reporting:

1. X The number of customer trouble reports received per 100 wireless handsets for supported services during calendar year 2005, for each company switch.

**See attached Exhibit 6/A**

2. \_\_\_\_ The number of customer trouble reports, as defined in Section 860-034-0390 (5) of the Oregon PUC rules, received during calendar year 2005: \_\_\_\_ per 100 working access lines.

Report #7 – Network Improvement Plan – CETCs Only

**See attached Exhibit 7/A**

The following detailed information must be included in each network improvement plan. Only CETCs must file these plans for recertification purposes. CETCs that receive *only* low-income program support (no high-cost or access-related support), do not have to file network improvement plans. CETCs are strongly encouraged to use the format laid out in the attached Excel worksheets to provide information required in the outline below (taken from the UM 1217 order), rather than use some other format developed by the CETC.

- 
- 7.1. Demonstration of use of support funds (other than low-income funds) received during 2005, including:
- 7.3.1.1. The amount of support funds, by type, received during the year.
  - 7.3.1.2. Year-end counts of eligible lines/handsets in service for each ILEC service area as they were reported to USAC for the past December.
  - 7.3.1.2. Identification of each project for which the support was used, the actual support expenditures (by amount and type) for each project, and status of project (completed or still in progress).
  - 7.3.1.3. The resulting benefits to consumers (qualitative and quantitative) from each project and updates to coverage and signal strength maps.
  - 7.3.1.4. Explanation of how and why actual spending of support funds differed from spending proposed in the previous network improvement plan.
- 7.3.2. Updates to network improvement plan for the current calendar year and the following year:
- 7.3.2.1. Forecast of support amount, by type (LSS, HCL, ICLS, IAS), that the applicant expects to receive during each of the next 2 years, as well as an explanation of how the forecast was derived.
  - 7.3.2.2. Detailed information for each project that will use support funds:
    - 7.3.2.2.1. Description and purpose of the project, its physical location and the ILEC serving that area.
    - 7.3.2.2.2. The start date and completion data (by quarter).
    - 7.3.2.2.3. Amount of support money allocated to the project, in total and broken down by investment and expense types.
    - 7.3.2.2.4. The amount of company's own funds that will be used for each supported project.
    - 7.3.2.2.5. Brief explanation of why the carrier would not make these improvements without the availability of support funding.
    - 7.3.2.2.6. Quantification of resulting service improvements by type (increased coverage, signal strength, capacity, etc.), population benefited, and geographic area benefited (shown on map).

Report #8 – Special Commitments/Requirements – CETCs only

Did the Oregon PUC impose any special commitments or requirements at initial designation or during the previous annual recertification process? yes \_\_\_\_\_ no  X .

If yes, identify the commitments or requirements and explain if, and how, they have been met.

Report #9 – Certifications - All ETCs

9.1. IAS or ICLS Certification Copy – All ETCs Receiving IAS/ICLS

All ETCs receiving interstate access-related support (IAS or ICLS) must submit a copy of the certification for the use of IAS or ICLS support that was sent to USAC and the FCC in June 2006. 1

**See Attached Exhibits 9.1/A and 9.1/B**

9.2. Certification of Use of Universal Service Funds – All ETCs receiving HCL/LSS (Rural ILECs and CETCs Designated in Rural ILEC Areas)

To continue receiving traditional high cost support (HCL, LSS), ETCs must submit a notarized affidavit signed by a responsible company official certifying that the carrier will use the high cost support funds only for the intended purposes. Use of the sample affidavit form displayed on the following page is recommended.

**See Attached Exhibit 9.2/A**

9.3. Certification of Emergency Functionality and Compliance with Service Quality and Consumer Protection Measures – All ETCs

Each ETC must submit a notarized affidavit signed by a responsible company official certifying that the carrier: 1) is able to remain functional in an emergency, and 2) is complying with all service quality and consumer protection measures in either the applicable Oregon Commission rules (for wireline carriers), the CTIA Consumer Code (for wireless carriers), or some other specific set of standards. All ETCs must submit this affidavit. A copy of an acceptable affidavit form follows the affidavit for high cost support.

**See Attached Exhibit 9.3/A**

Dear Salutation,

We're pleased to inform you that U.S. Cellular® offers **Lifeline discounts** on wireless plans as a participant in the Federal Universal Fund program exclusively for qualifying individuals, including residents of Federal Tribal Lands. You, or someone you know, may qualify to participate in this program and receive wireless service at a reduced rate.

With U.S. Cellular, you get a reliable, digital network and award-winning customer service. Plus, our Lifeline wireless plans come with generous minutes that you can use for both your local and long-distance calling from your local calling area.

Here's what you could get:

	Basic Plan	Basic Plan II
<b>Minutes of Use/month</b>	125	700
<b>Monthly Discount</b>	\$13.50	\$13.50
<b>Customer Payment</b>	\$11.50	\$21.50

Additionally, we'll provide a Kyocera® Dorado phone for only 1¢. So it's even easier to get wireless service.

We believe everyone deserves affordable wireless service. For many people, it's the most practical way of staying connected to family, employers and schools. With a Lifeline discount from U.S. Cellular, you too can get the wireless service you need.

Sincerely,

Jay Ellison,

Executive Vice President and Chief Operating Officer

See enclosed insert to find out if you qualify for a Lifeline wireless discount.

AFFIDAVIT CERTIFYING USE OF UNIVERSAL SERVICE FUNDS

I, James R. Jenkins, being of lawful age and duly sworn, on my oath, state that I am the Vice President, Legal and External Affairs of U.S. Cellular and that I am authorized to execute this Affidavit on behalf of the Company, and the facts set forth in this Affidavit are true to the best of my knowledge, information and belief.

Pursuant to the rules of the Federal Communications Commission, 47 C.F.R. § 54.314, there must be annual certification that funds received under the federal Universal Service Fund programs will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended. The Company hereby certifies to the Public Utility Commission of Oregon that pursuant to 47 C.F.R. § 54.7, and for purposes of the certification required under 47 C.F.R. § 54.314, the company will use all federal high-cost support provided to it only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with the principles of universal service set forth in 47 U.S.C. 254. This includes, but is not limited to, trying to meet the goal of the provision of services that are properly supported by the high-cost funds at rates that are reasonably comparable to rates charged for similar services in urban areas.
