RULING

DISPOSITION: PETITION TO INTERVENE GRANTED

On March 16, 2010, the Industrial Customers of Northwest Utilities (ICNU) filed a Petition to Intervene in the above captioned proceeding. The period to contest the petition to intervene has passed. Upon review of ICNU's petition, I find that the petitioner has sufficient interest in the proceeding, and that its appearance and participation will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. See OAR 860-012-0001. Consequently, I grant ICNU's petition to intervene.

Dated this 29th day of March, 2010, at Salem, Oregon.
