**RE: Docket No. UA 141 – Pacific Power’s Motion to Reopen**

On January 16, 2009, PacifiCorp d.b.a. Pacific Power filed an Application for Allocation of Exclusive Service Territory related to the Hay Canyon area in Sherman County. Pacific Power hereby files a motion to reopen the proceeding.

Questions on this matter may be directed to Joelle Steward, Regulatory Manager, at (503) 813-5542.

Sincerely,

Andrea L. Kelly  
Vice President, Regulation  
PacifiCorp

OF OREGON**

**UA 141**

In the Matter of PACIFICORP, d.b.a.  
PACIFIC POWER, Application for  
Allocation of Exclusive Service Territory

**MOTION TO REOPEN BY PACIFIC  
POWER**

1           Pursuant to OAR 860-013-0031, PacifiCorp, d.b.a. Pacific Power (“Company”),  
2 moves to reopen Docket No. UA 141 concerning the Company’s Application for Exclusive  
3 Service Territory (“Application”) for an area referred to as “Hay Canyon.” With this Motion,  
4 the Company provides revised Attachments B-1 and B-2 to the Application, which corrects  
5 an inadvertent error in the original metes and bounds description for the requested service  
6 territory. At this time, the Company is not submitting other revisions to the Application or  
7 other supporting documentation.

8           In support of this Motion, the Company states as follows:

9           PacifiCorp is an electric public utility subject to the Public Utility Commission of  
10 Oregon’s (“Commission”) jurisdiction. PacifiCorp provides retail electric service to  
11 customers in California, Idaho, Oregon, Utah, Washington and Wyoming. In Oregon, the  
12 Company provides retail electric service within a defined service territory approved by the  
13 Commission. The Company also provides retail electric service to portions of Sherman  
14 County, Oregon, which are not currently allocated to any electric utility. On January 16,  
15 2009, the Company filed the Application seeking to exclusively provide retail electric utility  
16 service to the Hay Canyon area.

17           Prior to filing the Application, the Company held several discussions with Wasco  
18 Electric Cooperative (“WEC”) regarding the provision of service to a wind farm owned by

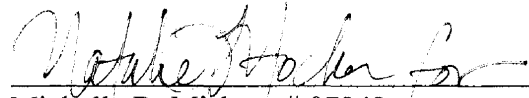

1 Iberdrola Renewables in the Hay Canyon area. A portion of the wind farm is situated in  
2 WEC's allocated service territory and a portion, including the service meter, is situated in an  
3 unallocated area that is served by the Company. During these discussions, WEC indicated to  
4 the Company that WEC was not prepared to provide service to the portion of the wind farm  
5 in WEC's territory. The Company filed the Application for the Hay Canyon area, which  
6 includes a portion of the wind farm and adjacent areas to include customers currently served  
7 by the Company. Subsequently, the Bonneville Power Administration notified the Company  
8 of its ability to deliver power and energy for Iberdrola's wind farm located in the Hay  
9 Canyon area to allow both the Company and WEC to provide service to the wind farm. The  
10 Company voluntarily withdrew its application in hopes of starting a dialogue with WEC  
11 regarding service in the area. The Company intended to file an amended application based on  
12 further discussions with WEC. However, WEC filed an application seeking allocation of the  
13 identical area sought by the Company in its Application before the Company could begin the  
14 dialogue.

15         The Company's interest in the Hay Canyon area remains strong. Currently, the  
16 Company serves four customers in the area and is building facilities to accommodate more  
17 customers. The Company seeks reopening of this docket to obtain a determination from the  
18 Commission on whether the Hay Canyon area should be allocated to the Company.

1           WHEREFORE, PacifiCorp respectfully requests that the Commission reopen this  
2 docket and proceed with review and consideration of the Company's Application.

DATED: April 2, 2009.

Respectfully submitted,
