UE 219

In the Matter of

PACIFICORP, dba PACIFIC POWER

Application to Implement the Provisions of
Senate Bill 76.

BENCH
REQUEST

When PacifiCorp, dba Pacific Power (Pacific Power) filed its initial application in this docket, it also provided Highly Confidential work papers to Staff of the Public Utility Commission of Oregon (Commission) and parties that signed Special Protective Order No. 10-148. However, the work papers were not submitted as an exhibit for inclusion in the record. To assist the Commission with its review of this matter, Pacific Power is directed to file these work papers, both on CD and in hard copy format, thereby making them part of the evidentiary record in this proceeding. The materials will retain their designation as Highly Confidential, and will only be viewed by those eligible to review them under the Special Protective Order. We ask Pacific Power to file these work papers with an explanation of the relevant categories of costs considered, an overview of the analysis undertaken in the work papers, and information about how the work papers support the analysis and conclusions in the company's Opening Testimony.

Pacific Power is directed to provide these materials by 5:00 p.m. on July 9, 2010.

Dated this 2nd day of July, 2010, at Salem, Oregon.
