### **III. STATUTORY AND REGULATORY FRAMEWORK**

#### **A. Oregon Solar Incentive Program**

In docket AR 538, the Commission adopted rules to establish a solar photovoltaic feed-in tariff pilot program, as required by ORS 757.365.<sup>1</sup> In docket UM 1452, the Commission established volumetric incentive rates for solar photovoltaic energy systems.<sup>2</sup> PacifiCorp is implementing the solar photovoltaic feed-in tariff program (for PacifiCorp, the program is known as the Oregon Solar Incentive Program) through Schedules 136 and 137. Additionally, Schedule 204 has been adopted for recovery of the costs authorized under the deferral approved in the docket.<sup>3</sup>

#### **B. Statutory Authority**

PacifiCorp files its Application under ORS 757.259, ORS 757.365(10), and ORS 469A.120(1) and (3).<sup>4</sup> As discussed in PacifiCorp's initial application for Deferred Accounting in this docket, ORS 757.365(10) provides the Commission authority,

independent of other statutes, to authorize deferral of costs associated with compliance with ORS 757.365(10). Additionally, ORS 469A.120(1) and (3) addresses costs associated with compliance with the Oregon Renewable Portfolio Standards (RPS). Finally, the Commission should reauthorize deferral under ORS 757.259.<sup>5</sup> The Commission can approve this Application under any of these statutes, and PacifiCorp requests approval under all or any one or more, in the alternative.

#### **B. Request for Reauthorization of Deferral**

In this docket, pursuant to Order No. 11-021, the Commission originally authorized deferral of the costs associated with compliance of ORS 757.365 for the 12-month period beginning May 19, 2010.<sup>6</sup> The Commission has approved PacifiCorp's requests for reauthorization of the deferred accounting for the 12-month period beginning May 19 each year since. PacifiCorp's request for reauthorization was last approved by the Commission on December 14, 2022<sup>7</sup>. On May 18, 2023, PacifiCorp requested reauthorization of the deferred accounting for the 12-month period beginning May 19, 2023. That request is still pending before the Commission.<sup>8</sup> In this Application, PacifiCorp seeks reauthorization of this deferral for the 12-month period beginning May 19, 2024.

### **IV. DEFERRAL OF COSTS**

PacifiCorp respectfully requests reauthorization under ORS 757.259(2)(e) to continue deferral of costs and expenses associated with the Oregon Solar Incentive Program for the

12-month period beginning May 19, 2024, for later recovery through Schedule 204. As required by OAR 860-027-0300(3) and (4), PacifiCorp provides the following:

**A. Description of Utility Expense**

PacifiCorp requests reauthorization to defer costs associated with the Oregon Solar Incentive Program. After PacifiCorp filed its initial application to defer the costs on May 19, 2010, in docket UM 1483, Commission Staff convened two workshops with interested parties on August 18, 2010, and September 21, 2010, to discuss PacifiCorp’s deferral application, along with Portland General Electric Company’s similar deferral application. Through these workshops, the utilities, Commission Staff, and interested stakeholders reached agreement on a number of issues related to the deferrals for solar incentive programs, including the timing of filings, formats and types of costs to be recovered through the deferral. The costs to be deferred would include any administrative, marketing, metering, incentive payments and any other costs incurred by PacifiCorp for the purpose of implementing the pilot program, consistent with this agreement.

**B. Reasons for Deferral**

As described above, ORS 757.365 requires the implementation and administration of the Oregon Solar Incentive Program. The statute also provides that prudently incurred costs associated with compliance with the statute are recoverable in rates. Moreover, the renewable energy certificates associated with generation sold to the utility under ORS 757.365 may be used to comply with the Oregon RPS, which also requires cost recovery of prudently incurred costs associated with compliance.<sup>9</sup> Costs associated with compliance with ORS 757.365 are not currently included in rates. Accordingly,

---

<sup>9</sup> ORS 469A.120(1).

reauthorization of the deferral application is necessary to allow for recovery of the costs as contemplated by ORS 757.365(10) and ORS 469A.120(1). Reauthorization of deferred accounting will allow PacifiCorp to continue to match the benefits that customers will be receiving with the costs to the Company of providing those benefits.

**C. Proposed Accounting.**

During the period of deferral, PacifiCorp proposes to account for the deferred costs of the Oregon Solar Incentive Program by recording the deferral in Account 182.3, Other Regulatory Assets. In the absence of the Commission’s approval of this Application, PacifiCorp would not incur the cost for the program. Were such costs incurred, however, they would be recorded in Account 908, Customer Assistance Expenses.

**D. Estimate of Amounts**

Costs and expenses of the Oregon Solar Incentive Program include the payment of volumetric incentive rates and program administration costs to implement and administer the program. Attachment 2 to PacifiCorp’s Advice No. 10-022<sup>10</sup> contains a description of the types of incremental costs, by cost category, to be included in the deferral. PacifiCorp estimates that the costs may range from \$4.4 million to \$4.7 million during the May 19, 2024, through May 18, 2025, deferral period. Changes in the incentive rate established by the Commission, as well as differences between actual and projected generation due to weather conditions, may impact this estimate.

**E. Notice.**

A copy of the Notice of Application and a list of persons served with the Notice are attached to this Application as Exhibit A.

---

<sup>10</sup> Advice No. 10-022 approved in Commission Public Meeting on December 28, 2010, effective with service rendered on and after January 1, 2011.

**F. Description and Explanation of the Entries in the Deferred Account**

For this program year through April 2024, PacifiCorp has deferred approximately \$1.37 million of costs associated with the Oregon Solar Incentive Program. Please refer to Exhibit B for the entries in the deferred account to date.

**G. Reason for Continuation of Deferred Accounting**

Continued deferral of the costs described in this Application is necessary to allow recovery of prudently incurred costs associated with compliance with ORS 757.365 and the Oregon RPS.

**V. CONCLUSION**

PacifiCorp’s Application is appropriate under the applicable statutes and meets the requirements of OAR 860-027-0300. For the reasons stated above, PacifiCorp respectfully requests that the Commission reauthorize PacifiCorp to defer costs associated with compliance with ORS 757.365(10), ORS 469A.120(1) and (3), or ORS 757.259.

Respectfully submitted this 17<sup>th</sup> day of May, 2024.
