**Re: UM-1514, PGE's Automated Demand Response (ADR) Pilot**

Commission Order No. 13-059 specifies that PGE's first evaluation of the ADR pilot would be completed by April 2015. Because the evaluation being performed by Itron, Inc. is taking longer than anticipated to complete, PGE will need an additional two weeks to review the evaluation and prepare a complete report on ADR including our projections for the final year of the pilot (2016). As a result, we request an extension to April 15, 2015 to file the evaluation.

Thank you for your assistance in this matter. If you have any questions or require further information, please call Alex Tooman at (503) 464-7623.

Please direct all formal correspondence, questions, or requests to the following e-mail address:
