

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

**RE 18**

In the Matter of

PORTLAND GENERAL ELECTRIC  
COMPANY,

New Construction Budget Report in compliance  
with OAR 860-027-0015.

MOTION FOR TEMPORARY WAIVER

Pursuant to OAR 860-001-0420 and 860-027-000(2), Portland General Electric Company hereby submits a request for a temporary waiver of the March 31 deadline for the filing of new construction budget information, as required in OAR 860-027-0015. PGE is only seeking a temporary waiver of the filing requirement since it anticipates being able to submit the required information by the next business day, Monday April 3.

OAR 860-027-0000(2) permits the granting of a waiver of the requirements in any of the Division 27 rules upon a finding of good cause. Good cause exists to grant PGE's request since the addition of one day before filing will not impair the ability to review the new construction information and will also allow PGE the time needed to provide the most accurate information available.

DATED this 31<sup>st</sup> day of March, 2023.

Respectfully submitted,

Kim S. Burton, OSB #221958  
Assistant General Counsel III
