### RE: 2011 Annual Water Report

You are required to complete an Annual Water Report once a year and submit the report to the Oregon Public Utility Commission. The Annual Report for the year ending December 31, 2011, is **due on or before April 1, 2012**.

Beginning this year you are required to file the report electronically with the Filing Center, and the requirement for filing of a paper copy has been discontinued. For more information and the instructions on how to file the report electronically please visit our website at:

<http://www.oregon.gov/PUC/eFiling/eReports/index.shtml>

Additionally, the Annual Report should be filed within the same timeframe as the Annual Fee Statement, which is also due on April 1, 2012. The timely filings will allow Staff to reconcile both reports for accuracy.

The Forms are available in Excel format on our web site at <http://www.puc.state.or.us> through the following selections: (1) Water; (2) Annual Report Forms; and (3) Annual Report Form A, B, or C based on revenue level.

Please check your report carefully for errors and omissions. We can only accept complete and accurate reports. It may help to start inputting the information into the specific accounts before moving to the Operating Statement and Balance Sheets.

If you have any questions regarding this form, contact Brian Bahr by phone at 503-378-4362 or email at: [brian.bahr@state.or.us](mailto:brian.bahr@state.or.us).

### **GENERAL INSTRUCTIONS**

Revised Statutes (ORS) 757.125 and 757.135, is based on the utility's operations for a calendar or fiscal year and is a convenient method for the Commission's staff to monitor the utility's results of operations. It must be filed with the PUC on or before April 1<sup>st</sup> of the year following that for which the report is made. Attach the completed report and any supplementary pages to an email addressed to the following address: [puc.filingcenter@state.or.us](mailto:puc.filingcenter@state.or.us).

- Interpret all accounting words and phrases in accordance with the USOA.
  - You may round off reported figures to the nearest dollar, if desired.
  - Entries indicating deficits of a "minus amount" should be enclosed in parentheses ( ).
  - Where statistical information asked for is not reported, state a reason for the omission.
  - If the words "none or "not applicable" truly state the facts, they should be given as the answer. The answer "same as last year" is not acceptable. Do not omit any pages.
  - Special or unusual entries and all discrepancies should be fully explained. If necessary, attach 8 ½" X 11" supplementary sheets prepared in a MS Office Suite program (Word, Excel) to provide space required for making answers full and complete.
  - If the utility has filed, or intends to file, a separate rate schedule in its tariff for non-contiguous portions of its water system, separate accounting for Operating Revenues, Operating Expense, Plant Investments and related Reserve for Depreciation must be maintained by the utility for each portion of the water system relating to each separate rate schedule. This annual report, however, should include the combined financial data for the utility.
  - Each incorporated utility is requested to file with this report a copy of its most recent annual report to stockholders, if one is prepared.
  - All schedules that call for the previous year's figures or the balance at the beginning of the year should reflect as a beginning balance the same end of the year's figures **exactly** as shown in the prior year's annual report. Any adjustments to the ending balances shown in the report for the previous year should be reflected in the current year's activity and reported along with an explanation in the annual report.
- report to the PUC. This will facilitate our review of your report and reduce the need for future correspondence.

378-4362.

**RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME FOR  
FEDERAL INCOME TAXES**

**UTILITY OPERATIONS**

The reconciliation should include the same detail as furnished on Schedule M-1 of the federal tax return for the year. The reconciliation shall be submitted even though there is no taxable income for the year. Descriptions should clearly indicate the nature of each reconciling amount and show the computation of all tax accruals. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating intercompany amounts to be eliminated in such consolidated return. State names of group members, tax assigned to each group member, and basis of allocation, assignment, or sharing of the consolidated tax among the group members.
