**RE: FERC Form 2 and the Oregon Supplemental Form 2.**

On July 1, 2020, Avista entered into an agreement with the Utility Workers Union of America (UWUA) regarding providing more detailed information in FERC Form 2 filings provided in Idaho, Washington, and Oregon. Specifically, Avista agreed that by September 1, 2020 Avista would revise its supplemental FERC Form 2 filings to the Public Utility Commission of Oregon, the Washington Utilities and Transportation Commission, and the Idaho Public Utilities Commission, for each year from 2013 through 2019. As such, Avista has included an amended supplemental schedule to replace page 357 on the FERC Form 2 and page 52 on the Oregon Supplemental Form 2 that includes the revised information as a single form for the years 2013 through 2019. Future filings of the FERC Form 2 and the Oregon Supplemental Form 2 will include similar data for page 357 and page 52, respectively. This data simply provides a greater level of detail as to the makeup of certain expenses. Other than providing more detail, the broader financial values previously provided are unchanged.

Please direct any questions regarding this filing to Liz Andrews at (509) 495-8601.

Sincerely,

*/s/Pat Ehrbar*
