RE: PGE's 2012 Electricity Product Claim Reconciliation Report

On May 31, 2013, Portland General Electric (PGE) filed a waiver request for a one month extension to allow additional time due to unanticipated workloads and the absence of key people from PGE. The request was granted at the June 18<sup>th</sup> Public Meeting.

Attached is PGE's annual Product Claim Reconciliation Report for calendar year 2012. It summarizes PGE's purchases and sales of renewable energy certificates on behalf of customers that subscribed to PGE's optional renewable portfolio programs in 2012. This filing complies with the annual reporting requirement in OAR 860-038-0300(10).

The sourcing and documentation for the Tradable Renewable Credits continues to be based on the column in the attached Excel file that contains the Western Renewable Energy Generation Information System (WREGIS) Serial Number for the Credits. This eliminates the need to supply copies of green tag certificates and attestations for purchases and generation, as it is now possible to track the purchase or generation using the WREGIS reporting system.

We also note that this year the wind and hydro resource mix percentages for the Green Source renewable rate product are approximately six percent different than the target percentages. This is due to the pricing and availability of RECs during the report period for these resources that influenced REC purchases. PGE is modifying our labeling brochure and web site to reflect the actual resource mix percentages listed in this report for Green Source.

If you have any questions about this filing, please contact Bruce Werner, (503) 464-7481.

All resources purchased for the retail programs are considered "new renewable energy resources" per ORS 757.600, placed in operation after July 23, 1989. Clean Wind customers do not receive solar REC's as a function of their monthly payments, these are REC's from projects partially funded by the Clean Wind Development fund and therefore REC's are retired on behalf of PGE's Clean Wind customers
