## COMPANY PROFILE

Provide a brief narrative that covers the following areas:

- a. Brief company history
- b. Public services rendered
- c. Major goals and objectives
- d. Major operating divisions and functions
- e. Current and projected growth patterns
- f. Major transactions having a material effect on operations

A. In 1961 the company was purchased by Maryanne Hill from her step mother. The company was owned by Maryanne's father Charles L. Hill, who purchased it from the Meldrum Flume Company.

B. The Company provides potable water to the alpine resort village of Govt. Camp located on the southern slopes of Mt. Hood, which is in the snow zone. The community is primarily comprised of 2<sup>nd</sup> homes occupied on weekends and holidays, as well as nightly rental housing.

C. Goals are to provide customers with the best tasting water in the state.

D. Government Camp Water Co. Inc is small with no separate divisions. The company's function is to provide potable water to the mountain ski resort community comprised of primarily 2<sup>nd</sup> homes and resort lodging.

E. The company has a master plan for growth within the existing developable boundaries should the economy recover and development begin again. There are no current plans for major growth in the community in the next year. Projected growth in the future will include a USFS Land Exchange that Mt. Hood Meadows has been working on that will add 120 acres of land into our community boundaries. This project has been in progress for close to 10 yrs and looks like it could be a reality in the next few years. We have no idea what will be built and when construction will begin. Our water mains cross a portion of the land being exchanged, and our engineering firm & attorney have prepared an easement for which a draft has been given to Mt. Hood Meadows for their review. Nothing has yet been signed as of 2012.

F. None in 2012
