RE: RE 111 PGE Net Metering Annual Billing Cycle Change Request

Portland General Electric Company (PGE) hereby submits, pursuant to Oregon Administrative Rule (OAR) 860-039-0055(2), alternative annual billing cycles for net metering customers.

The OAR states:

Unless the public utility and the customer-generator otherwise agree, the annual billing cycle will end at the end of the March billing month of each year. Should the public utility and a customer-generator reach an agreement for a billing cycle ending other than at the end of the March billing month, the public utility must inform the Commission in writing of the alternative billing period within 30 calendar days of the agreement's execution.

PGE has adopted a simple form with the customer information to submit to the OPUC. Due to customer sensitive information, the forms will be sent to the Filing Center in a zip file and marked as Confidential Information under OAR 860-001-0070. PGE will send a separate email with a password to open the zip file as reflected in Order No. 20-088.
