RE: NETCALL, INC. (aka Call Logic, Inc.)  
Request for Cancellation  
CP1550

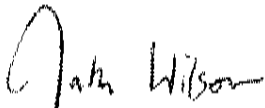

Dear Sir or Madam:

Our firm would like to surrender the Certificate of Authority granted in docket CP 1550 final order 13-232. Outside of some initial start-up and telecom platform development which ended in April 2014, we were unable to gain any traction in the competitive telecommunications market in Oregon. We have kept the Certificate active in the belief that our fortunes would change, and, as they have not, we now wish to permanently exit the Oregon telecom market.

Our business started out as NETCALL, INC ("NETCALL") which was incorporated in Oregon on April 26, 2013 (Registry# - 933390-92). By May 2014, we were effectively out of the Oregon telecom market and have had no telecom activity since that time. Subsequently, NETCALL changed its name to Call Logic, Inc. in May 2014 (with the same Registry # - 933390-92) but has not offered telecom services to Oregon customers under this name. Our firm has no telecommunications customers or operations in Oregon, is not offering any services to any Oregon customers, and has no future prospects of remaining in business in Oregon. For these reasons, we request that the Commission cancel the certificate on file as soon as possible and definitely on, or before, December 31, 2016.

Please contact me if you have any questions.

Sincerely,

Nathan Wilson  
Director  
Call Logic, Inc. (formerly NETCALL, Inc.)
