Re: Docket UG 266 – In the Matter of Northwest Natural Gas Company Investigation into Schedule H, Large Volume Non-Residential High Pressure Gas Service Rider.

Dear Judge Arlow:

I am writing to let you know that NW Natural has modified its plans for the hearing on Friday in this docket. NW Natural has decided to waive cross-examination of Clean Energy's witness Warren Mitchell, and therefore will not need the 45 minute window it reserved at the prehearing conference this morning. Also, for this reason we will not be filing cross examination exhibits this afternoon. However, NW Natural would like to increase its estimate of the time required for the direct rebuttal of testimony of Barbara Summers from the 15 minutes it provided this morning to a total of 30 minutes. We hope that this change will be acceptable, particularly because it results in an overall 30 minute time saving.

Thanks you for your attention in this matter.

Very truly yours,

Lisa Rackner
