SUBJECT: QWEST CORPORATION: (Advice Nos. 2124 Supplement No. 2 and 2015-002-PL Supplement No. 2) Extend the effective date of price changes from May 9, 2015, to June 9, 2015, and make other minor changes.

I have reviewed these filings and recommend that a second acknowledgement letter be sent. The filings will go into effect on June 9, 2015. A memo-to-file was previously completed for these filings on April 22, 2015, and a letter acknowledging these filings was sent to Qwest Corporation dba CenturyLink QC (Qwest) on April 24, 2015. The first memo-to-file addressed changes that were scheduled to go into effect on May 9, 2015. However, on May 7, 2015, Qwest submitted an additional supplement to each of the filings in question. With these supplementary filings, Qwest proposes to extend the effective date of all sheets containing price changes from May 9, 2015, to June 9, 2015. This memo addresses these supplementary changes.

Advice No. 2124 was originally filed on March 9, 2015, with an effective date of April 11, 2015. This filing was later supplemented on April 2, 2015, extending the effective date to May 9, 2015. Advice No. 2015-002-PL was originally filed on March 12, 2015, with an effective date of April 11, 2015. This filing was later supplemented on April 7, 2015, extending the effective date to May 9, 2015. Both filings were supplemented a second time on May 7, 2015, extending the effective date of all sheets containing price changes to June 9, 2015.

In addition to extending the effective date of the price changes, Supplement No. 2 to Advice No. 2124 also adds Call Line Identifier Service to Qwest's Tariff No. 33. Although this service was not included in the original Advice No. 2124, it has since been approved with Advice No. 2123. Furthermore, Supplement No. 2 to Advice No. 2015-002-PL adds move codes and footnotes to certain pages in Section 105.

All price changes proposed with these filings were previously reviewed and found to be in compliance with Qwest's new price plan, which was approved with Order No. 14-347, on October 7, 2014. These supplementary filings do not further change any prices.
