DISPOSITION: DOCKET STAYED; PREHEARING CONFERENCE CANCELED

The subject matter of this complaint is the effect of NW Natural Gas Company’s WARM program on Revtek, LLC’s bill. At the September 8, 2015 Public Meeting and at the recommendation of Commission Staff, the Commission opened an investigation into the operation of the WARM program due to “the number of complaints” from customers. Due to the common subject matter of the two proceedings, this docket is stayed, pending a decision in the generic investigation. The prehearing conference scheduled for September 22, 2015, is canceled.

Complainant will be designated as an interested person in the investigation docket, Docket No. UM 1750.

A prehearing conference will be held after the completion of the investigation.

Dated this 17th day of September, 2015, at Salem, Oregon.
