**RE: Advice No. 15-23 Schedule 106, Multnomah County Business Income
Tax Update**

Portland General Electric (PGE) submits this filing pursuant to Oregon Revised Statutes (ORSs) 757.205, 757.210, and Oregon Administrative Rules (OARs) 860-022-0025 and 860-022-0030, for filing proposed tariff sheet associated with Tariff P.U.C. No. 18 with a requested effective date of **January 1, 2016**:

Tenth Revision of Sheet No. 106-1

The purpose of this filing is to adjust the Multnomah County Business Income Tax (MCBIT) rate to reflect projections of the 2016 MCBIT tax expense and the current state of the MCBIT balancing account. The current Schedule 106 rate has followed prior projections for MCBIT tax expense through December 2015. PGE anticipates an increase in taxable income for 2016; hence the proposed Schedule 106 rate primarily recovers projected MCBIT tax expenses less any remaining collections from customers held in the MCBIT balancing account at the end of the year.

To satisfy the requirements of OAR 860-022-0025(2) and 860-022-0030(1), PGE provides the following responses:

The proposed Schedule 106 rate change will result in a 0.092% overall rate increase for approximately 285,000 Multnomah County customers. A typical Schedule 7 Residential customer consuming 840 kWh monthly will see a bill increase of approximately \$0.09.

Work papers detailing the Schedule 106 rate development, and the balancing account detail are enclosed.
