4. The nature and extent of the Petitioner's interest in the proceeding is:

Petitioner lives in Woodside Ranch and has been a Roats water customer since 2009. The proposed water rate increases will have a serious impact on my water bill and I am very concerned that this is just the tip of the iceberg on proposed water rate increases, given all the circumstances of Roats' current expansion plans.

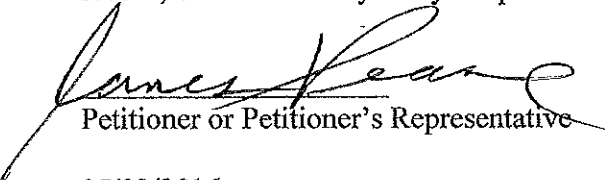

5. The issues the Petitioner intends to raise at the proceeding are:

Petitioner intends to raise several issues related to the filing document, the unsubstantiated basis for the proposed rate increases, the potential for even more rate increases, and the lack of communication and responsiveness of the Roats' management to its water customers.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

Petitioner is a retired university researcher and has been doing most of the research on this issue for Woodside Ranch homeowners, all of whom would be affected by Roats proposed water rate increases.

7. Based on the information provided above in accordance with the Commission's rules of procedure, I request to participate in this proceeding as an intervenor. I or the organization that I represent will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.
