TO: File through Bruce Hellebuyck 

FROM: Jim Stanage 

SUBJECT: United Telephone Company of the Northwest (United), Docket No. PL 47, Advice No. 16-003, Establishes a promotion for the Pure Broadband Bundle for residential customers.

I have reviewed this filing and recommend that an acknowledgement letter be sent. The filing went into effect July 29, 2016, and was filed July 26, 2016. This filing establishes a promotion for the Pure Bundle.

During the period July 29, 2016, through December 31, 2016, residential customers who request this promotion and subscribe to the Pure Bundle and the company's non-regulated High-Speed Internet may be eligible for a \$5.00 bill credit for 12 months.

Pure Bundle is a package of services that includes a Local Exchange Access Line, the Outbound Call Block Feature, and a Non-Published Number. The bundle rate includes the monthly Subscriber Line Charge which otherwise would be \$6.50. The monthly recurring rate for the Pure Bundle package is \$28.00 for residential customers.

The initial bill credit will be reflected on the customer's first or second invoice following the customer's acceptance of this offer and will continue for the remainder of the term commitment thereafter. If a customer discontinues this service prior to the end of the 12-month period, no additional credits will be applied.

The company states that, in no event, will the application of this credit be used in conjunction with any other credits to take the customer's billed amount below zero.

Telecommunications utilities are allowed to promote the use of their services, under ORS 759.267, by offering a waiver of part or all of a recurring or nonrecurring charge, a redemption coupon, or a premium with the purchase of a service. In addition, under ORS 759.182, telecommunications utilities are allowed to file promotional rate schedules with the Commission that are concurrent with the effective date for promotion, but are required to price

promotional services at prices that are not below the price that the service is sold to another carrier. Large telecommunications utilities are required, under OAR 860-026-0025, not to promote any regulated service for more than 180 days in any 12-month period. This filing complies with these requirements.
