Re: Advice No. CNG/O16-07-01, UG _____

**UM 1558, Deferred Accounting for Purchased Gas Adjustment
Schedule 177, Purchased Gas Cost Adjustment and Schedule No. 191 Temporary
Gas Cost Rate Adjustment**

Attention: Filing Center

Pursuant to OAR 860-022-0070, Docket UM 1286 Order Nos. 11-196 and 14-238, ORS 757.210 and ORS 757.259(5), Cascade hereby submits three copies of the following revisions to Cascade's P.U.C. OR No. 9 Tariffs containing an effective date on and after November 1, 2016:

**Eleventh Revision No. 177-A
Thirteenth Revision Sheet No. 191**

The purpose of this filing is to make the annual true up to Cascade's gas cost in accordance with the provisions established in Schedule No. 177, Purchase Gas Adjustment (PGA) Provision. The purchased gas cost proposed in this filing is due to a change in the cost of commodity gas supply, transportation capacity, and realignment of existing firm transportation capacity. In accordance with the PGA methodology, amortization of outstanding deferred gas cost balances is also included in this filing.

Tables 1 through 3 below summarize the changes in the following: 1) Forward looking commodity costs included in Schedule 177-A; 2) Demand costs included in Schedule 177-A; and 3) The combined changes to Schedule 177-A (both commodity and demand)

Table 1 - Schedule 177-A Commodity

<u>Rate Schedule</u>	<u>Present</u>	<u>Proposed</u>	<u>Change</u>
101, 104, 105, 111, 170	\$0.30655	\$0.25152	(\$0.05503)

Table 2 - Schedule 177-A Demand

<u>Rate Schedule</u>	<u>Present</u>	<u>Proposed</u>	<u>Change</u>
101, 104, 105, 111, 170	\$0.18978	\$0.16574	(\$0.02404)

Table 3 - Schedule 177-A Commodity + Demand

<u>Rate Schedule</u>	<u>Present</u>	<u>Proposed</u>	<u>Change</u>
101, 104, 105, 111, 170	\$0.49633	\$0.41726	(\$0.07907)

Commodity Costs (Schedule 177-A)

As shown in the Table 1 above, the estimated commodity cost (WACOG) decreases (\$0.05503) per therm. The proposed WACOG is \$0.25152 per therm compared to the present WACOG of \$0.30655 per therm included in rates. The winter of 2014-2015 was significantly warmer than normal, leading to lower customer demand and reduced wholesale natural gas prices in the winter and spring. The downward pressure on wholesale prices has continued even after the winter period due to the abundance of natural gas in storage and continued high natural gas production levels.

Cascade has been hedging natural gas both on a periodic and discretionary basis throughout 2016 for the forthcoming PGA year. Approximately 31% of estimated annual load requirements for the PGA year (November 2016 through October 2017) will be hedged at a fixed price, comprised of physical volumes hedged for a term of one year or less and physical volumes from multi-year hedges entered into in prior years. Cascade will continue to execute fixed priced (hedges) physical transactions throughout the remainder of calendar year 2016, consistent with our historical procurement practice.

The information contained in the Company's responses to "Natural Gas Portfolio Development Guidelines" describes the Company's Natural Gas Procurement Plan (Procurement Plan). The Company's Procurement Plan uses a diversified approach to procure natural gas for the upcoming year. While the Procurement Plan generally incorporates a structured approach for the hedging portion of the portfolio, the Company exercises flexibility and discretion in all areas of the Plan based on changes in the wholesale market. The Company meets with the Commission Staff quarterly to discuss the state of the wholesale market and the status of the Company's Procurement Plan, among other things. Should the Company deviate from the Procurement Plan due to a change in market dynamics etc., the Company documents and communicates any such changes with the Gas Supply Oversight Committee (GSOC) and provides updates to Commission Staff.

Demand Costs (Schedule 177-A)

Demand costs reflect the cost of pipeline transportation to the Company's system, as well as fixed costs associated with natural gas storage. As shown in Table 2 above, demand costs are expected to be relatively stable, with the Company proposing only a slight decrease of (0.02404) cents per therm. Excluding upcoming rate settlement discussions with Northwest Pipeline, pipeline demand rates are either expected to remain the same or become somewhat lower due to recent rate settlements with several of our Canadian pipelines (Foothills, Westcoast and Nova pipelines). In addition, certain Northwest Pipeline capacity was realigned, resulting in lower demand costs.

Amortization of Deferral Accounts (Schedule 191)

The table below summarizes the changes in the commodity and demand amortization rates

included in Schedule 191, both commodity and demand:

Schedule 191 PGA Temporary Gas Cost Rate Adjustment Amortization			
<u>Rate Schedule</u>	<u>Present</u>	<u>Proposed</u>	<u>Change</u>
101, 104, 105, 111, 170	(\$0.02361)	(\$0.08686)	(\$0.06325)

As shown in the Table above, the current overall amortization amount approved in the Company's 2015 PGA is a refund rate of approximately \$0.024 per therm. For reasons discussed earlier in this letter, actual wholesale natural gas prices were lower than the level approved in the Company's 2015 PGA. As a result, commodity costs collected from customers exceeded actual costs and created a refund deferral balance of approximately (\$4.7) million or \$0.087 per therm.

Three Percent Test

Pursuant to ORS 757.259 and OAR 860-027-0300, the overall annual average rate impact of the amortizations authorized under the statutes may not exceed three percent of the natural gas utility's gross revenues for the preceding calendar year, unless the Commission finds that allowing a higher amortization rate is reasonable under the circumstances. As shown on Attachment C of the Company's PGA workpapers, total gross revenues for calendar year 2015 was \$67,650,226. The total amortization revenue requested for the "Prior Period Gas Cost Deferral" as shown in Attachment C is (\$6,507,722). The resulting annual average rate impact from PGA amortization is (9.62%) and falls within the requirements of the statute.

The combination of the "Prior Period Gas Cost Deferral" and the "Non-Gas Cost Amortization" related to the Company's Conservation Alliance Plan filing also made on July 29, 2016, is a total amortization revenue request of \$1,097,649. The net effect of combining the results of these two filings is an overall revenue change of (\$5,410,073), an average rate impact of (8%), which falls within the requirement of the statute.

Other Information

In this filing, the Company is requesting a decrease in revenues of (\$6,508,476) or (10.98%), effective on November 1, 2016. The current amortization rates and the proposed changes, both inclusive of the gross revenue factor, are as follows:

Rate Schedule	Description	Current Revenues	Proposed Revenues	Revenue Incr (Decr)	Percent Incr (Decr)	Therms per Month	Current Avg Bill	Proposed Avg Bill	Monthly Change	Proposed Rates % Change
101	Residential	\$33,936,333	\$30,480,352	-\$3,455,981	-10.18%	51	\$46.50	\$41.76	-\$4.74	-10.18%
104	Commerical	\$20,558,229	\$18,163,583	-\$2,394,646	-11.65%	217	\$164.82	\$145.62	-\$19.20	-11.65%
105	Industrial Firm	\$1,711,218	\$1,487,469	-\$223,749	-13.08%	1,510	\$1,015.09	\$882.36	-\$132.73	-13.08%
111	Com-Ind Dual	\$1,374,653	\$1,184,437	-\$190,216	-13.84%	11,251	\$7,062.48	\$6,085.22	-\$977.26	-13.84%
170	Industrial Interr	\$1,673,072	\$1,429,188	-\$243,884	-14.58%	52,321	\$31,176.51	\$26,631.90	-\$4,544.61	-14.58%

Pursuant to OAR 860-022-0025 and OAR 860-022-0030, the total number of customers affected by this filing, the annual revenue before and after the impact of the rate change, and the average monthly use and resulting bills under existing and proposed rates are as follows:

Rate Schedule	Number of Customers
101	59,633
104	9,737
105	134
111	15
170	4
163	30

Cascade, under Advice Nos. O16-08-02, O16-08-03 and O16-08-04, has also filed its Non-Gas Cost Tracking Filings. The overall impact of the proposed changes results in a decrease. Below is a table showing the net impact to the Company's customers, by rate schedule, inclusive of all the Company's filings made on July 29, 2016:

<u>Rate Schedule</u>	<u>Proposed Rate Change</u>
Schedule 101	(11.18%)
Schedule 104	(15.00%)
Schedule 105	(20.99%)
Schedule 111	(22.48%)
Schedule 170	(23.68%)
Schedule 163	1.11%

The Company will issue a media release coincident with the update annual Purchased Gas Cost Adjustment filing in mid-September and provide notice to customers via a bill insert following the approval on this filing.

The rate adjustments proposed in this filing are consistent with the Public Utility Commission of Oregon Staff's recommendations with regard to rate spread requirements and amortization procedures.

Attached in support of this filing are Exhibits 1, 2, and 3. Exhibit 1 contains schedules supporting the per therm gas cost change consistent with the procedure described in PGA Rate Schedule No. 177. Exhibit 2 contains summary information on the proposed impacts the filings will have on the Company's rates and revenues, and the various rate schedules. A proposed notice to the public is also included. Exhibit 3 contains a summary of the proposed changes to the Company's revenues.

The Company agrees to rate adjustments and refunds should the Commission determine that these rates have been inappropriately calculated. Any rate adjustments and refunds will be retroactive to November 1, 2016 provided that the Commission advises the Company of the necessity for such rate adjustments or refunds within 30 days after the effective date of these rates.

Please direct any questions regarding this filing to me at (509) 734-4593.

Sincerely,

Michael Parvinen
Director, Regulatory Affairs

Tenth Revision Sheet No. 177-A

CASCADE NATURAL GAS CORPORATION

PURCHASED GAS COST ADJUSTMENT PROVISION
SCHEDULE NO. 177
(Continued from Previous Page)

8. Estimated annual Non-Commodity gas costs shall be equal to estimated annual Demand Costs, less estimated annual Capacity Release Benefits, plus or minus estimated annual pipeline refunds or surcharges.
9. Estimated Non-Commodity Cost per Therm: The Estimated Non-Commodity cost per therm is calculated by the following formula: (Estimated annual Non-Commodity Cost divided by forecasted sales volumes). This estimate does not include any revenue-sensitive factors.

The Estimated Cost of Gas per therm is as follows:

	COST OF GAS PER THERM	REVENUE SENSITIVE COSTS	COST OF GAS PER THERM RATE	
WACOG	\$.24493	2.618%	\$.25152	(R)
Non-Commodity Cost	\$.16140		\$.16574	(R)
Total	\$.40633	2.618%	\$.41726	(R)

10. Actual Monthly Calendar Sales Volumes: Actual billed sales therms, adjusted for estimated unbilled therms, for firm and interruptible sales schedules.
11. Embedded Commodity Cost: The Estimated WACOG multiplied by the Actual Monthly Calendar Sales Volumes.
12. Embedded Non-Commodity Cost: The Estimated Non-Commodity Cost per Therm multiplied by the Actual Calendar Sales Volumes less interruptible sales volumes.
13. Financial Transactions: Cost of Financial Transactions related to gas supply, including but not limited to, hedges, swaps, puts, calls, options and collars that are exercised to provide price stability/control or supply reliability for sales service customers.
14. Gas Storage Facilities: The cost of natural gas for injections shall be the actual cost of purchasing gas for storage and the cost of injection of the gas into the storage facility. Withdrawals of natural gas shall be valued at the weighted average cost of gas in the facility plus any variable withdrawal costs. Only the cost of natural gas withdrawn from Gas Storage Facilities will be included in the Actual Commodity Cost, as defined herein.

CASCADE NATURAL GAS CORPORATION

TEMPORARY GAS COST RATE ADJUSTMENT
SCHEDULE NO. 191

APPLICABLE:

The temporary rate addition applies to gas service rendered by the Company under the tariff of which this schedule is a part for service on and after the effective date hereof and shall be in addition to all rates and charges specified in this tariff.

PURPOSE:

The purpose of this provision is to adjust the rate schedules listed below to amortize the outstanding deferred gas cost account balances in accordance with Schedule No. 177, Purchased Gas Cost Adjustment.

RATES:

Each of the charges specified in the schedules for gas service hereinafter listed shall be adjusted by the following per therm increase or (decrease) or appropriate multiple thereof in determining annual minimum bill, if any:

<u>Rate Schedule</u>	<u>Amount</u>
Schedule 101	(\$.08686)
Schedule 104	(\$.08686)
Schedule 105	(\$.08686)
Schedule 111	(\$.08686)
Schedule 112	(\$.08686)
Schedule 126	(\$.08686)
Schedule 170	(\$.08686)

(R)

(R)

LIMITATION:

This temporary rate addition shall remain in effect until cancelled pursuant to order of the Oregon Public Utility Commission.

SPECIAL TERMS AND CONDITIONS:

The rates named herein are subject to increases as set forth in Schedule No. 100 Municipal Exactions.

Cascade Natural Gas Corporation

NOTICE TO THE PUBLIC

Oregon Service Area

Cascade Natural Gas Corporation is on this date filing with the Oregon Public Utility Commission (OPUC) at Salem, Oregon, revisions to Rate Schedule Nos. 177, 191, 192, and 193, which upon approval by the Commission will become effective November 1, 2016.

The rate adjustments proposed in this filing are designed to pass on 1.) changes in the cost of gas and transportation services paid by Cascade to gas suppliers and interstate natural gas pipelines, temporary differences in purchased gas costs, that occur over time, as a result of differences between the actual cost of gas paid by the Company and the amount allowed for in Core customer rates, and removal of certain technical deferral refunds that have expired; and 2.) changes resulting from the Company's Conservation Alliance Plan.

The overall effect of the proposed rate adjustments on the monthly bill of a residential customer with consumption of 51 therms will be a net decrease of (\$5.20) or (11.18%). For small commercial customers, the decrease in the monthly bill for consumption of 217 therms will be (\$24.72) or (15%). Large volume core customers will experience an average decrease of (20.99%) depending on monthly volumes consumed. Large volume interruptible customers will experience an average decrease of (23.68%). Large volume non-core customers will experience an average increase of 1.11% for distribution service from Cascade depending on the monthly volumes consumed.
