RE: Docket No. ADV 576, Advice No. 17-03

On June 2, 2017, Northwest Natural filed revised sheets for inclusion in its tariff, PUC OR No. 25.

This filing requests approval of two new Tariff schedules; Schedule 405 - Builder/Developer Program (Optional) Multi-Story Multi-Family, and Schedule 4 - Residential Multi-Family Service. Together they comprise an optional program designed to improve residential customer access to end-use natural gas appliances in the multi-story, multifamily residential market. The second purpose of this filing is to make related revisions to certain other tariff sheets.

In accordance with a decision of the Commission in the Public Meeting of July 11, 2017, the following sheets will become effective with service rendered on and after July 12, 2017.

One receipted copy of each sheet is returned for your files.
