RE: Docket No. ADV 661, Advice No. 17-18

On November 17, 2017, Northwest Natural filed revised sheets for inclusion in its tariff, PUC OR No. 25.

This filing revises Schedule 360 - DSM Programs, to clarify that Industrial DSM applies to an account instead of a customer, to clarify that the repayment calculation in the event of account transfers from Sales Service to Transportation Service within 2 years from issuance of the most recent incentive, and to remove special provisions language on Sheet 360-2 regarding certain Energy Trust programs.

In accordance with a decision of the Commission in the Public Meeting of December 18, 2017, the following sheets will become effective with service rendered on and after December 20, 2017.

One receipted copy of each sheet is returned for your files.
