Re: UM 1930, Program Implementation Manual (PIM) draft changes

Commissioners Decker, Tawney and Thompson:

Oregon Solar + Storage Industries Association (OSSIA) appreciates the work of the Public Utility Commission (PUC) Staff and the Program Administrator (PA) to modify the Program Implementation Manual (PIM) in order to be consistent with recent PUC orders and to make the program run more smoothly for subscribers, Project Managers (PMs) and Subscription Managers (SMs).

OSSIA has no additional concerns with the draft modifications to the PIM. PUC and PA staff have done an excellent job working with stakeholders to produce a draft that has addressed all issues and makes a number of critical improvements.

Sincerely,
