      Re: UM1930 Idaho Power Company Community Solar Program Bill
               Credit Rate Update

Attention Filing Center:

Idaho Power Company ("Idaho Power" or "Company") transmits this filing in compliance with Public Utility Commission of Oregon ("Commission") Order No. 19-392. The Commission directed that "Starting on January 1, 2021, until the Commission determines that it will no longer accept pre-certification applications at the interim rate, utilities will file an update to the base rate by January 1st of every year."[1]

Idaho Power is to include transmission, distribution, and energy charges (first 1,000 kWh) based on its Schedule 1 in setting the Residential Base Rate. This update results in a decrease of $0.006319/kWh due to a variety of filings which became effective in 2020 on January 1, June 1, and November 1.
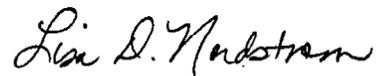

Schedule 1	$/kWh
Transmission and Related Services Charge	-
Distribution Charge	-
Energy Charge – First 1,000 kWh	$0.078481
Updated Residential Retail Base Rate	**$0.078481**

---

[1] *In the Matter of Public Utility Commission of Oregon, Community Solar Program Implementation*, Case No. UM 1930, Order No. 19-392, Appendix A, p. 81.

The Company respectfully requests that the proposed update to Idaho Power's Community Solar Program bill credit rate become effective February 1, 2021 for projects pre-certified in 2021. If you have any questions regarding this filing, please contact Regulatory Consultant Paul Goralski at (208) 388-2608 or pgoralski@idahopower.com.

Sincerely,

Lisa Nordstrom
